

# IQ puzzle or answer: Who stole the beach bracelet?

The following test helps you train your brain including thinking ability, judgment and patience. Only logical thinkers answer the right questions. If you do not answer correctly, you are a lazy person. Let's start.

1. Question 1. Recently, supermarkets have many burglaries. The manager has not yet identified the culprit, and invited a famous detective in the area to participate in the investigation. Supermarket manager said: '3 burglaries occurred in January, April and July 2017' and the supermarket also installed cameras on the day of the theft. When reviewing these videos, the detective realized the unusual point. According to you, who is the thief?

1. Boy A
2. Boy B
3. Girl C
4. Girl D

If we look at the girl's abdomen, she can see she is pregnant. But, after a few months from January to July, her belly is still not bigger. She may not be pregnant, but only wears a fake belly to hide stolen items.

2. Question 2. On the hot summer day, the police heard the cries of women on the beach. 'I come here every day. Today, I took off my arms to heat up the sun and put it on the book. By the time I overslept, someone sneaked into the bracelet ', the victim of short-term tears presented to the police officer. The policeman looked around, the scene only had the girl's footprints. The nearby area is also not a shadow. Therefore, he switched to suspecting frequent visitors visiting the beach, including tennis athletes, divers, fishermen and skateboarders. According to you, who stole the bracelet?

1. Tennis player
2. Diver
3. Fisherman
4. Skateboarder

The culprit is the fisherman, he stands from a distance and needs to 'hook' the bracelet.

3. Sentence 3. On a big rainy and windy night in California, the police received a call from Jack, announcing where he was staying with a break into the house. The investigation team rushed to the scene. Peeking through the glass window, police found Henry dead, lying motionless on the floor. They discover 3 suspects: Jack, Maria and John. Maria confirmed that she stood in the rain to relax. Suddenly, I heard screams and guns rang out. I looked over the window to see Henry dead, lying by the door, 'she said. Jack said: 'I was in the room with Henry. We both heard gunshots. Henry was quite panicked and collapsed. I opened the door and ran outside. ' John said: 'The gunfire rang when I was in the classroom. I immediately closed the door. In that moment, I suddenly saw a masked man. ' Who do you think is the killer?

1. Jack
2. Maria
3. John

Jack is Jack. His testimony has many contradictions. After hearing the gunfire and knowing Henry stopped breathing, Jack ran away. However, when the police crawled through the window into the house, Henry's body lay close to the door.

4. Vrinda was murdered at his home in New Delhi, India on January 26, 1989. Police investigated and found 3 main suspects. Divya insists when the case happens, he is traveling abroad. Remya said: 'I am sick, the doctor requires rest. The case happened when I was in bed. ' Sounya said that at the time of the incident, he went to pay taxes and at the city office all day. Who is lying and the culprit?

1. Divya
2. Remya
3. Soumya

January 26 is India's National Day, so it is certain that all state agencies are closed, not working. Therefore, Soumya lied.

5. Question 5. After the football match, the group of Kante, Costa, Luiz, Michy and Moses went to the sauna but did not see each other because of the steam. Suddenly, Kante sees blood on his hand and yells. They quickly turned off the fumes and saw Michy lying on the floor, stopping breathing. At the investigation, the detective asked each person to submit the items they had taken to the sauna. Kante carries a plastic beer mug, Costa takes a thermos. Meanwhile, Luiz brought the book about Sherlock Holmes and Moses took the rope. Who do you think is the culprit? Kante

1. Kante
2. Costa
3. Luiz
4. Moses

That is Costa. He picked up a sharp knife-shaped stone, hiding it in a thermos bottle so it wouldn't melt. After exposure to the hot and humid environment in the sauna, the stone dissolves into water. Costa is unable to get evidence of a crime.
