## Is face massage machine effective? What is the effect?

The use of facial massagers is one that people are most concerned about when coming to this device. In fact, if selected and used correctly, face massage machine will give your skin a lot of effects such as:

1. **Skin cleansing:** By creating vibrating, rotating movements, the face massage machine removes excess dirt and oil from the skin, helping deep skin clean from the pores.
2. **Brightening skin:** Facial massage machine can remove dead skin cells on the skin surface while minimizing pores, giving you smooth, bright white skin.
3. **Helping skin relax:** Just use a facial massage machine for 15 - 30 minutes a day, your skin will be relaxed and relieve all stress and fatigue.
4. **Stimulates blood circulation, enhances detoxification under the skin**
5. **Fades wrinkles, helps firm skin, and prevents signs of aging**
6. **Stimulates collagen production under the skin**

## **What should be noted for effective use of facial massage machines?**

Although designed for skin care, effective massage machines do not depend very much on how you use it. So, what should be noted in order for the face massage device to be fully utilized?

1. Choose the right equipment for the skin: There are hundreds of thousands of different facial massage machines on the market, but not all products are suitable for you. So before you buy, you need to find out what kind of material it is made from, what technology to use, which is suitable for your skin characteristics. And of course, you should only buy at reputable addresses.
2. Do not use face massage machine on injured skin, face area, mouth. People with acne, skin cellulitis, herpes simplex should also not use this device.
3. Use the device in the proper mode, without rubbing it too hard, causing skin damage.
4. Limit sharing facial massage machines with others to avoid bacterial infection.
5. Regularly clean massages, especially massage heads.
6. Always store the device in a dry place, avoid hitting or dropping the device.
7. Don't miss facials with the right lotions after each facial massage.
8. Should be allergic, itchy when using a massage machine to stop using immediately.

Use facial massage machine properly

## Suggest some kind of effective face massage machine
