CONSPIRACY theorists claim that they have found what we are looking for - **evidence of life on Mars** .

A triangular object was found on the surface of Mars near a dome structure.

And those seeking truth believe that this is a UFO crashed near an alien base on Red Planet. The "*discovery*" was revealed in a video posted by a popular channel on conspiracy theory on Youtube - **SecureTeam10** .

ALIEN HQ?This conspiracy theorist said he found an alien base on Mars.

NASA images show that the Martian surface has been invaded and the truth discoverers are looking for warning signs that water has spilled into Red Planet, which means alien life may grow there.

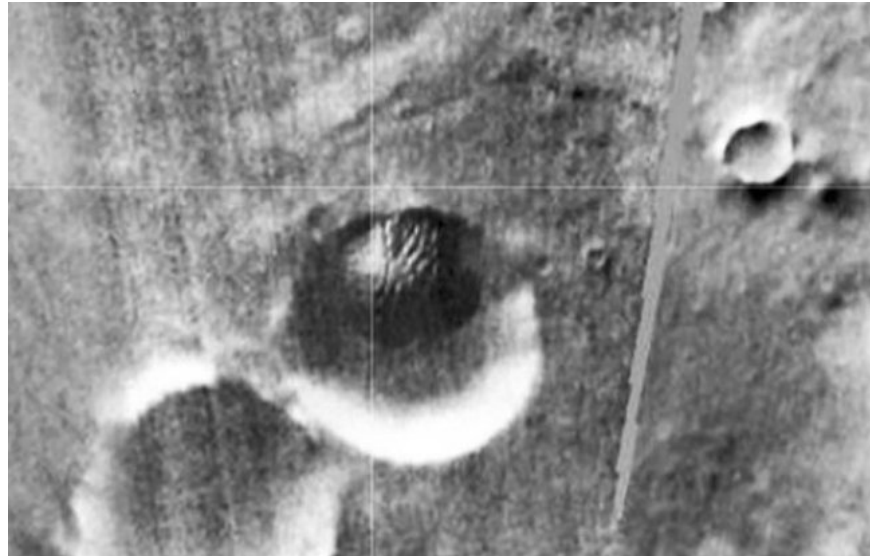

The narrator said: " *Certainly there is something with a triangular structure, although slightly distorted and slightly curved, but it is not like what belongs to it .*"

Talking about the " *UFO falling* " close to the " *alien base* ", he added: " *When you find another object in the same area outside the position* ".

" *We have found arch structures on many planets and moons .*"

He also pointed out a "dome"

" It is said that these arches really provide coverage for existing bases to have an atmosphere 'that can' breathe ."

" Even NASA and our space agencies have talked about bringing us to the Moon and setting up planned bases using arch structures - like that ."

" Could that be what we're seeing here? A disguise between these craters. Or is it an ancient relic? "
