

Jujutsu Zero Tier List

Jujutsu Zero 2025 Clan Rankings: Sukuna and Gojo dominate the meta, tips for choosing the strongest clan to master the Jujutsu arena.

Jujutsu Zero is a Roblox game inspired by the world of Jujutsu Kaisen. Similar to the original manga and anime, the Clan system plays a core role. Each clan in Jujutsu Zero possesses unique inherent stats, attributes, and buffs, directly determining your survival in intense PvP battles or breathtaking boss hunts.

With such a diverse selection of clans, choosing a starting one can be confusing for new Jujutsu practitioners. To assist you, we've compiled the following detailed Jujutsu Zero clan rankings, categorized from S to D.

Overall ranking

In Jujutsu Zero, lower-tier (Common) clans typically have very poor inherent stats, making them the least effective in the game. Try to "reroll" to acquire higher-tier clans.

Tier	Clan
S	Sukuna, Tengen, Gojo
A	Geto, Zen'in, Okkotsu, Fushiguro
B	Kamo, Abe, Inumaki, Todo
C	Kugisaki, Nanami, Itadori
D	Fujiwara, Miwa

Details of the S-Tier clan

These are the clans that possess overwhelming power, shaping the meta of the game.

1. Sukuna Clan

1. **Stats:** Attack (ATK) +50%, Critical Hit Rate (CR) +25%, Critical Damage (CD) +85%, Cooldown Reduction (CDR) +25%.
2. **Advantages:** Currently the highest DPS (Sustained Damage) in the game. Cooldown reduction allows for continuous skill spamming. Damage reaches its maximum when combined with the **Malevolent Shrine** technique .

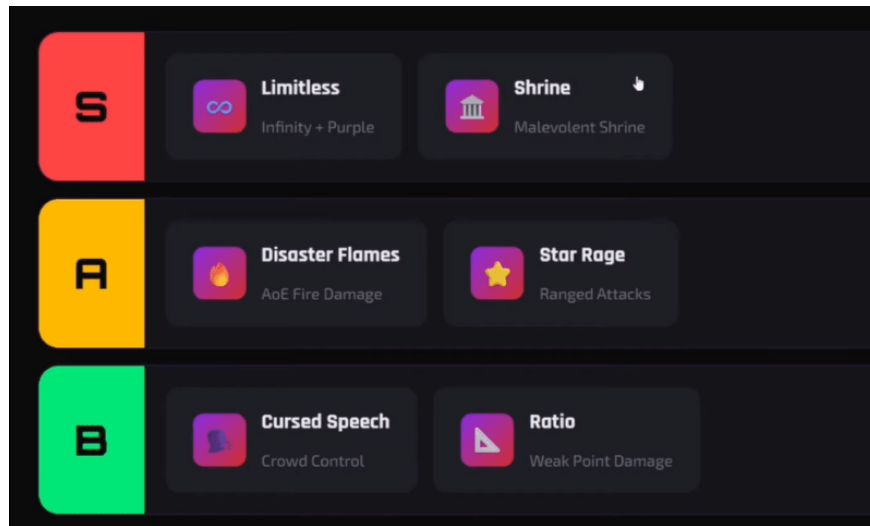

2. The Tengen Family

1. **Stats:** Health (HP) +150%, Critical Damage (CD) +115%, Critical Hit Rate (CR) +15%, Mana Cost (CE) +50%.
2. **Advantages:** Best support in the game with a huge amount of health, acting as a true "tanker". Support ability is greatly increased when using **Barrier Technique** .
3. **Disadvantages:** Inconsistent damage output, not suitable for a primary DPS role.

3. The Gojo Family

1. **Stats:** Attack (ATK) +25%, Critical Hit Rate (CR) +15%, Critical Damage (CD) +50%.
2. **Advantages:** Ranked second in damage output after Sukuna. The **Limitless** technique makes Gojo virtually invincible if used correctly.
3. **Disadvantage:** The combat mechanism is relatively complex and requires high player skill.

Details of A and B tier clans

1. **Geto (Tier A):** King of Area of Effect (AOE) damage. Extremely effective at absorbing Spirits when clearing mobs. However, low HP makes the character quite fragile.
2. **Zen'in (Tier A):** A top choice for a purely offensive playstyle in both PvP and PvE. The **Ten Shadows spell** can make this clan incredibly powerful if the amount of Spell Power (CE) is managed well.
3. **Inumaki (Tier B):** Easier to obtain than higher-tier races. Decent damage output, and significantly increased power when combined with **Cursed Speech**.
