

Just launched, PES 2015 is praised by experts

Officially released on the day (November 11), Pro Evolution Soccer 2015 (PES 2015) launched with a lot of expectations from fans and Konami since this football game is still being 'conceived' . .

Officially released on the day (November 11), Pro Evolution Soccer 2015 (PES 2015) launched with a lot of expectations from fans and Konami since this football game is still being 'conceived' . .

Trailer launch of PES 2015

In fact, after the disappointment called PES 2014, which has many problems in gameplay and graphics when moving to the new engine is *FOX Engine* , the pressure placed on PES 2015 is quite large, especially when PES in many this year it was always disappointing before EA's FIFA rival.

Not to mention, this new game also marked the first time PES landed on the nextgen console, the PS4 and Xbox One. Simply stated, the success or failure of PES 2015 will have a significant impact on the future of football games that are loved by Vietnamese gamers.

PES 2015 Gameplay: Barcelona vs.Real Madrid

But these worries seem to be just 'past'. Evidence is that recently, in the series of reviews before the launch, PES 2015 has received positive reviews from the world's leading gaming sites.

Accordingly, with the average score of *Metacritic* being stopped at the 84th mark (*PS4 version*), PES 2015 received 10 good reviews, all at 8-9 points, with only 1 review at 7.5 points .

For example, *Eurogamer* (9/10), *Playstation Universe* (9/10), *God is a Geek* (October 9), *GamesRadar* (October 9), *Gamespot* (October 8) . If you have to compare, the 2014 PES disaster version has an average Metacritic score of 78, while **PES 2013** is 82. For FIFA rivals, *FIFA 15* (on PS4) has Metacritic score of 82.

According to the world's most prestigious gaming site, Gamespot, PES 2015 ' is the most positive PES version in recent years ', with praise for the player's passing and movement mechanism. as well as quite realistic and vivid graphics.

However, the game still has inherent exceptions such as tournament image copyright and incomplete players, as well as criticisms of the game comment section.

" Pinning " the review , Gamespot said, " the FIFA game series finally got a worthy rival " after years of winning. Agreeing with this idea, Eurogamer added, ' PES 2015 is going in the right direction ', showing that this is a quality version and can perfectly match FIFA 15 in the battle in football game genre in this year.

In addition, the above reviews are for reference only and are subjective to the assessor. More than anyone, gamers will give themselves the most objective and realistic judgments about PES 2015.

Reportedly, PES 2015 was released on 11/11 on PC, PS3, PS4, Xbox 360 and Xbox One.
