King Of Hunters is a super impressive survival game with Battle Royale sword style developed by big mobile game industry NetEase. In the game the player will be taken into the world of martial arts heroes with legendary weapons, tight slashes, beautiful flying like in the swordplay.

King Of Hunters is a super impressive survival game with Battle Royale sword style developed by big mobile game industry NetEase. In the game the player will be brought into the world of "martial arts" heroes with legendary weapons, tight slashes, beautiful hovering in the movie swordplay.

This game has been released for free on Google Play in Beta format. Mobile gamers only need a normal phone to be able to battle this game smoothly.

King Of Hunters is a game from top to bottom view should be designed with 2.5D minimalist graphics to match the current smartphone configuration. The control system is also greatly simplified including the virtual keys moving to the left and the right skill set to match the experience on the phone.

King Of Hunters has the same gameplay as PUBG, dropping many people into a map and letting them fight to become the last survivor. Before starting the game, gamers will have to choose one of two types of characters that are gender or female, along with different characteristics and skills.

In the game, the player will ride on a dragon to the battlefield, then be brought to the ground by a falcon. As soon as the land touches, players will have to quickly collect weapons, clothes, blood. King Of Hunters map is very large so players will have to earn yourself a horse to be more convenient in moving.

King Of Hunters is currently in beta (Beta) stage, so it only supports up to 42 people. In the game there are 3 modes Solo, Duo and Trio (4 people) so that gamers can freely choose when fighting with friends.

Currently the game is only available on Google Play, to download and experience, you can access the link below. IOS gamers have to wait a while longer to experience it.

1. King Of Hunters
