

Laptop series for 2012 from Lenovo

Not only stop at ultrabook, the second largest laptop manufacturer in the US has just announced a series of IdeaPad laptops to fill different segments with various configurations and designs.

Lenovo introduced more than 5 laptop models, spread from the middle group to low-cost devices.

Not only stop at ultrabook, the second largest laptop manufacturer in the US has just announced a series of IdeaPad laptops to fill different segments with various configurations and designs.

Y580 is the most advanced product in this launch.

Starting with the high-end segment, the **Y480** and **Y580 duo** are both multimedia *machines* with metal casing, JBL external speakers, a Blu-ray burner option and Intel's Wireless Display technology. Both are equipped with 8GB of RAM, Core i7 processor and only different screens and graphics cards.

Specifically, the 14-inch Y480 laptop has a resolution of 1366 x 768 pixels and a NVIDIA GeForce GT 650M card, while the Y580 15.6-inch has a 1080p resolution and a GTX660M 2GB card supports DirectX 11. The two products will be available. face in April this year with prices starting from 899 USD.

The Z580 has a high profile and a 15.6-inch screen.

If you "give up" metal design and high-resolution screen, users will have the option in the mid-range Z-series. The trio IdeaPad Z380, Z480, Z580 are also equipped with Core i7 processor, Blu-ray burner, WiDi, up to 8GB of RAM and 1TB of hard drive, 1366 x 768 pixel resolution is a common feature 3 models of 13.3, 14 and 15.6 inches. The video card used for these laptops is the NVIDIA GeForce GT640M 2GB. This product line is expected to be available in April for \$ 599.

G780 is cheap and GT630M card.

Finally, the products in the popular segment are cheap, but the configuration is not too low. Specifically, **G480** , **G580** and **G780** will have a maximum of 1TB hard drives, 8GB of RAM and a choice of Blu-ray drives with NVIDIA GeForce GT630M graphics card. The trio will be available in June next year for only \$ 399.
