

Laptops impress forever

The following 5 laptops are both powerful and trendy designs to meet the needs of their owners' computers.

Designs are no longer a secondary factor behind the feature. The following 5 laptops are both powerful and trendy designs to meet the needs of their owners' computers.

Apple Macbook Pro 15-inch

Apple's new MacBook Pro laptop has been designed with an aluminum frame, multi-touch touchpad made of glass and equipped with 2 nVidia high-end graphics cards.

The 15-inch MacBook Pro is a 'marvel' about the design of the computer industry. The most surprising thing about this new MacBook is that there are no buttons on the touchpad, virtual buttons on the trackpad are managed by a software. The device's touchpad automatically recognizes 4 characters at a time, allowing users to better manage computer-based processing than trackpad using two fingers.

Price: 2,400 USD.

Gateway MC7803u

Gateway's high-end entertainment laptop has a sleek design and powerful features. The surface of the machine is made from a layer of leather with impressive drawing patterns and a keyboard with LED backlight. Gateway MC7803u has a 16-inch screen, high resolution, 16: 9 aspect ratio, providing realistic images. Multimedia Touch control system of this MC series helps users quickly access entertainment programs. It features a 1.3 megapixel webcam, 4 USB port slots, a 5-in-1 memory card reader and Wi-Fi connection support.

Price: 1,000 USD.

HP HDX16t

HP HDX16t is the sexiest 16-inch home theater on the market today. The most unique feature of HDX16t is its beautiful design with a 16-inch, high-resolution mirror screen, 16: 9 aspect ratio, which delivers a clear, clear picture at every angle to the user.

HDX16t is also equipped with powerful features, impressive sound

Price is about 29.5 million.

HP Pavilion dv2800t

The Pavilion dv2800t is the highest score among these 5 stylish laptops. The Pavilion dv2800t has a completely different style compared to the laptop on the market. It owns many powerful features, beautiful design and affordable price.

The 'wing set' of the Pavilion dv2800t is designed by a Portuguese designer - selected from over 8,000 samples sent from the global competition initiated by HP.

Selling price is about VND 16 million.

Toshiba Qosmio G55-Q802

Toshiba Qosmio G55-Q802 is the most affordable affordable entertainment center for video editors who don't require too much performance and graphics functions. The Qosmio G55-Q802 has an impressive but unfortunate speaker system, the screen is not sharp, and slightly heavier than its competitors.

Voodoo Envy 133

Envy 133 - HP's "pride" is the most sexy and fragile laptop, "surpassing" the MacBook Air. The VoodooPC Envy 133 is equipped with a 13.3-inch LED backlit display, a resolution of 1,280 x 800 pixels that resembles the Apple MacBook Air but the 'body' is only thin (1.75 cm). It is also equipped with an ExpressCard 34 slot and an HDMI port.

In addition, the VoodooPC ultra-thin laptop also has a USB 2.0 port and an eSata / USB 2.0 shared port. It also supports Bluetooth connectivity and Wi-Fi 802.11n.
