

Laptops sold in April 2009

There are up to 4 netbook models on the bestselling laptop list. HP and Acer occupy 9 of 10 locations and make Asus' Eee PC 1000HE loose

There are up to 4 netbook models on the bestselling laptop list. HP and Acer occupy 9 of 10 locations and make Asus' Eee PC 1000HE loose .

The rapid launch of a series of new netbook models has resulted in stores stopping or releasing old models. The mini laptop sells well in April when it has a good price, and is suitable for the use and travel needs of many people.

Here are 10 best-selling laptop models on the Asian market last April by technology magazine Cnet.

1. Acer Aspire One AOA150 (1.6 GHz Intel Atom N270, 1 GB RAM)

Acer Aspire One AOA150 has a good price. *Photo: Cnet* .

This is the first old netbook version of Acer with a screen of only 8.9 inches wide. It has two SD memory card slots that allow capacity expansion, slim and sturdy design, in addition to the good price.

The drawback of Aspire One AOA150 is an SSD with only 8 GB capacity, poor battery and no Bluetooth connection.

Reference price: VND 6.9 million.

2. Acer Aspire 4937G (Core 2 Duo P8400 2.26 GHz, 4 GB RAM)

The Acer Aspire 4937G has a "big" shape. *Photo: Cnet .*

There are relatively high prices compared to the current laptop models, but this entertainment laptop has a very "configuration". In addition to the Core 2 Duo P8400 2.26 GHz processor and 4 GB RAM, it also delivers the latest Nvidia GeForce G105M graphics card with a hard drive of up to 500 GB.

Reference price: VND 16 million.

3. Acer Extensa 5630 (Pentium Dual Core T3400 2.16 GHz, 3 GB RAM)

Acer Extensa 5630 prices compete with netbooks. *Photo: Cnet .*

Continue to be Acer laptop model with competitive price compared to netbook. In addition, the Extensa 5630 is well configured with dual-core processors, chipsets on the latest Intel Centrino 2 platform.

Machine is not available in Vietnam market.

4. Acer Aspire 2930Z (Pentium Dual-Core T3200 2.0 GHz, 1 GB RAM)

The Acer Aspire 2930Z has a compact screen. *Photo: Cnet .*

This may be the cheapest 12.1-inch laptop on the market. This model comes with a DVD burner, which runs on the latest Centrino 2 platform and strongly supports entertainment features, including a high-quality Dolby Home Theater sound system.

5. Asus Eee PC 1000HE (Intel Atom N280 1.66 GHz, 1 GB RAM)

Asus Eee PC 1000HE is a powerful netbook. *Photo: Cnet .*

The 1000HE is one of the best netbooks on the market today, the device offers a nice keyboard, powerful processor and a very good battery. Besides, the selling price is also suitable for many people.

Reference price: 8.7 million.

6. Compaq Presario CQ40 (Core 2 Duo P7350 2.0 GHz; 2 GB RAM)

Compaq Presario CQ40 is an economical laptop. *Photo: Cnet .*

This economical laptop is very popular on the market, it has a 14.1-inch wide-screen desk, running on the Centrino 2 platform and integrated graphics card. After CQ40, the manufacturer also introduced CQ45 with the upgraded Nvidia GeForce 9200M GS graphics card.

Reference price: VND 9.8 million.

7. HP Pavilion dv2500 (Core 2 Duo T7300 2.0 GHz, 2 GB RAM)

HP Pavilion dv2500 good price and standard configuration. *Photo: Cnet .*

The Pavilion dv2500 is a well-configured and well-priced laptop with a 14.1-inch screen, two headphone jacks and fingerprint identification. In addition, the device also fully supports ports connected to household devices. However, this model has a 6-cell battery, only at the average level besides the option of adding HDMI ports but users will have to sacrifice a USB port.

8. HP Mini 2140 (1.6 GHz Intel Atom N270, 1 GB RAM)

The HP Mini 2140 is beautifully designed. *Photo: Cnet .*

The Mini 2140 is a version of the Mini 1000 with a rugged design, a large keyboard and full support for ExpressCard / 54 slots. However, the screen is poorly resolution and does not include a mobile broadband connection option, the hard-to-use mouse button is the drawback of the HP Mini 2140.

Reference price: VND 8.9 million.

9. Acer Extensa 4630Z (Pentium Dual-Core T4200 2.0 GHz, 2 GB RAM)

Acer Extensa 4630Z features many. *Photo: Cnet .*

Priced at under \$ 700, this is one of Acer's many basic features. Equipped with Bluetooth, USB, Wi-Fi connection, webcam, DVD reader even HDMI port, Acer Extensa 4630Z satisfy users who regularly surf the web, work.

Reference price: VND 10.1 million.

10. HP Mini 1000 (1.6 GHz Intel Atom N270, 1 GB RAM)

HP Mini 1000 with perfect keyboard. *Photo: Cnet .*

This is one of the best netbook models available today, the device is slim and lighter than previous models of LG. In addition, the company also replaced the Via processor with Intel Atom faster. The drawback of the machine is the lack of extended upgrades, glossy screens.
