How to enter reward code

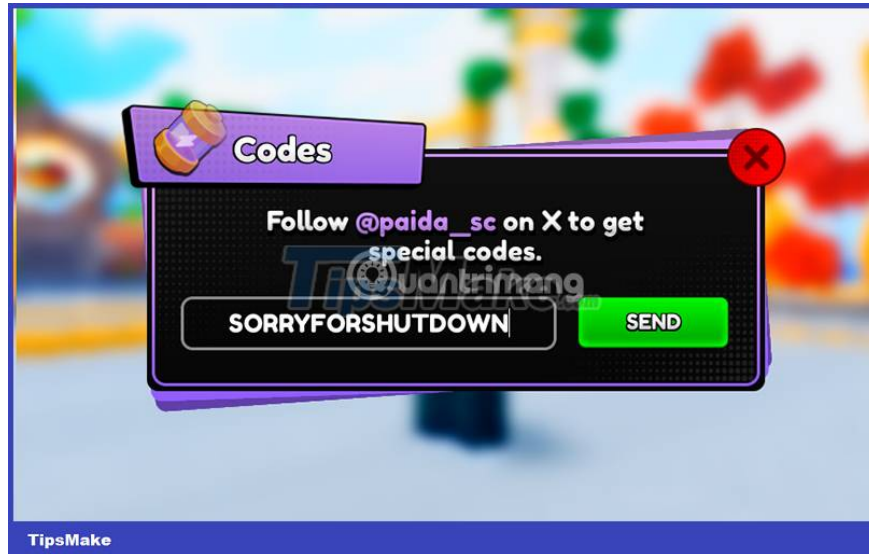

Step 1: First, select the Shop icon on the left edge as shown below.

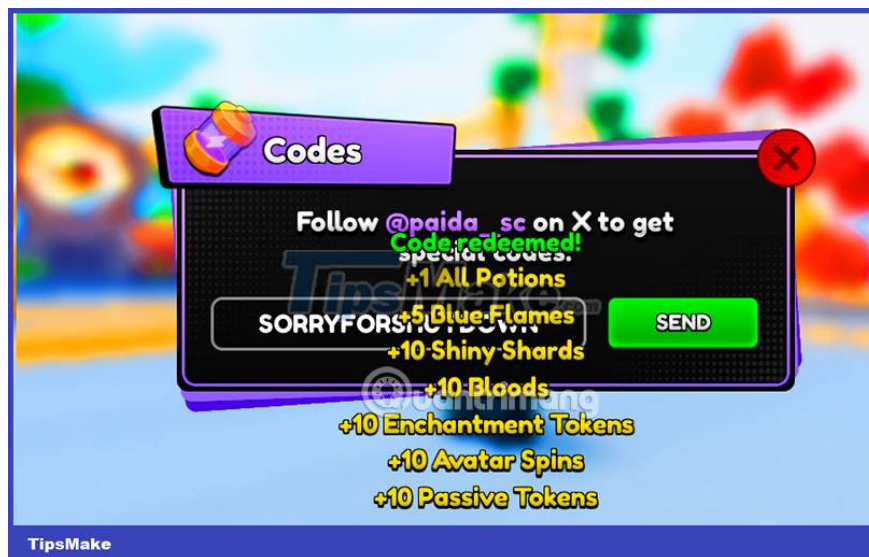

Step 2: When Shop displays, select Codes as shown below.

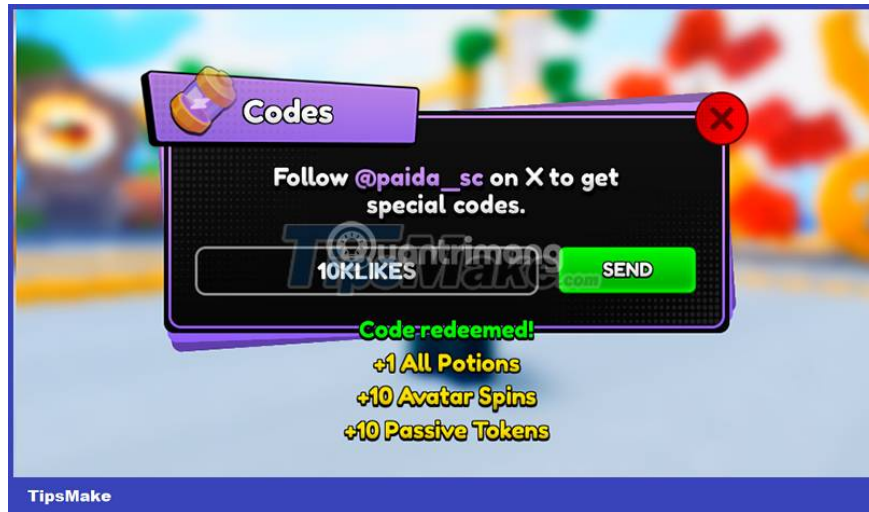

Step 3: Enter all the codes in the code table above into the code input box and select the Send button to exchange the code for a reward.

Step 4: If the code you entered is still valid, you will see a notification of successful code exchange with a series of rewards as shown below.

When redeeming codes, enter all gift codes to redeem at once to redeem.

Check the reward received from giftcode

Once you have successfully entered the codes to redeem rewards, return to the main screen, select the "Inventory" bag icon to check the items received from the giftcode. As for money, we will add it to the amount of money you have.

The rewards here will be classified into rare and common, blue items are common, purple and yellow items are rare.

Where is the game code obtained?

Code is often released by developers in special batches and released on Facebook and Youtube accounts. On X there will also be code sharing or code receiving events. So you just need to follow the game developer's official pages.

The game's official Youtube channel is spoken in Portuguese or Brazilian, but the code will often be shared on screen by the developer. So you need to watch the part where the developer gives the code to the player to exchange the code to receive a reward.

The game also has a Discord server for players to share information, you can also join the Anime Souls Simulator X Discord server to receive rewards.

And if you can't find any official social networking sites to receive giftcode information from the game publisher. You just need to save this website of TipsMake.com, we will update the game code as well as events with codes for you to enter the code to redeem rewards.
