How to enter the Cookie Run Kingdom coupon

Step 1: To enter the Cookie Run Kingdom code, first select the three horizontal bars icon in the upper right corner.

Select Settings.

Step 2: Find the Info tab, then select Copy in the account registration section.

You will receive a message that the email has been copied as shown below.

Step 3: Visit the link below to enter the code page of Cookie Run Kingdom and copy the email registered in the game to the DevPlay Account and enter the above codes into the Coupon Code and click Claim Reward. If you see the message Done! Log in to the game to claim your reward is a valid code

[Link to enter Cookie Run Kingdom code here.](#)

Step 4: After entering a series of codes above into the game, then go back to the game and select the Mail item in the upper left corner.

Step 5: Here you will see rewards from giftcode and other gift letters. You can select Claim All to collect all the rewards contained in this mail item.

The gift will be delivered directly to your pocket. You can look in the Storage section to check your gift again. If you are running the game in the background, then completely exit and then re-enter to receive the reward.

As with many codes in many other games, you should enter all of the codes above while they are still valid. They have expiration dates and entries but you never have them expire.
