Introducing Dead by Daylight Mobile

Dead by Daylight Mobile is a horror role-playing game where you will transform into a murderer or team up with friends and try to survive in this dangerous hide-and-seek game. You can feel the thrill of playing one of the two factions: Killer and Survivor.

Interesting points of Dead by Daylight

The survivors' goal is to fix the generator without getting caught and escape the endless chase. You can work together and win as a team or fight alone and outlast others.

Every match is an unexpected scenario. You will not know how each person will react to the horror elements taking place in the game. The atmosphere, music, and chilling environment combine into one terrifying experience.

All Killers and Survivors have their own perks, and many unlockables can be customized to fit your personal strategy. Experience, skill and understanding of the environment are key to hunting Survivors or escaping from Killers.
