How to enter Grand Piece code

First, press **the M key** > **select the Game Settings** icon as shown below.

Then enter one of the Grand Piece Online Giftcodes above into the Enter Code box and press Enter. You will receive rewards from that giftcode.

How to get more giftcode in game?

To get more Grand Piece Online codes, you should follow the game's official channels such as Facebook, X, Discord and YouTube to update the best and latest codes. In addition, participate in in-game events.

Also, watching popular YouTubers' livestreams and joining the Reddit community can help you find more codes. Developers also often give out codes when the game reaches a certain number of likes or players, so keep an eye on the game's progress so you don't miss out on rewards. Or simply, bookmark this page and check back every day, we'll update the giftcodes for you.

Why can't I change the code?

If you are unable to redeem your code in Grand Piece Online, there are a few common reasons. First, check that you have entered the code correctly, as codes are case-sensitive.

Additionally, some codes have an expiration date, and if they expire, you will not be able to claim your reward. Another reason could be that you have not met the requirements in the game, such as character level or code usage conditions. If you still encounter the error, try redeeming the code on another device or check the developer's announcement for issues related to the redemption system.

Grand Piece Online is a game based on the famous anime series One Piece. When entering the game, you will experience the power of devil fruits of famous characters such as Whitebeard, Akainu, Aokiji, Kizaru, ACE.
