## How to enter code in Grow a Garden

**Step 1:** Select the Settings icon in the upper left corner.

**Step 2:** In the Redeem Codes section, enter all the codes in the code table above into the Type code here section and select Enter or click Claim to redeem the code for a reward.

## What is the Grow a Garden game code used for?

Giftcodes in Grow a Garden often give away seed packs – an important factor to help you expand your farm and increase your revenue. Currently, the developer of **The Garden Game** does not have a fixed code release schedule, but most game codes will be released when the game has a major update, special event or reaches a milestone of play.

## Why can't I redeem my code in Grow a Garden?

If you enter a code but don't receive your reward in Grow a Garden, it could be due to one of the following reasons:

1. **Expired Code:** Most codes have a limited time of use. Once they expire, they will no longer be valid. Some codes are only valid during the event, or only a few days after they are released.
2. **Previously used code:** Some codes have a limited number of uses (e.g. the first 10,000 people). If you enter after this limit has been exceeded, you will not be able to receive the reward.
3. **Code has been used for your account:** Each code can only be used once per account. If you have entered the code before, you will not receive anything more if you enter it again.
4. **You entered the wrong game code:** Codes are usually case-sensitive, so please enter each character of the code correctly. In addition, many people often mistake the number 0 for the letter O or have extra spaces. So please copy and paste the code in the code table above instead of entering it manually.
5. **Incorrect region or game version:** Some codes only work on specific servers (for example, only US server or VN server). If you play a version that does not match the code, the system will not accept it.
6. **System Issues or Technical Errors:** During server overload or maintenance, the code entry may be interrupted. Please try again later or check the Discord fanpage/game for system status.

## How to get more giftcodes in Grow a Garden?

Below are the most popular, effective ways that the Roblox community uses to hunt for more giftcodes to redeem rewards:

**Follow the game's official fanpage and Facebook group:** This is where the publisher regularly releases gift codes on occasions such as:

1. Game update
2. Anniversary of launch
3. Community events or like milestones
4. Reach large number of players
5. Update new content

**Join the official Discord server: The Discord server** is the place to update the code fastest, sometimes there are exclusive codes that are only shared in this group. In addition, you can also ask for experiences and interact with the gaming community.

**Watch for livestreams or collaboration events with KOLs/streamers:** During live broadcasts, developers or partners may drop surprise codes. Some streamers even have codes specifically for their fans.

**Follow reputable game code sharing websites or forums:** Many major game news sites have free code distribution programs with limited number of uses. Check regularly to avoid missing out.

**Participate in in-game events or invite-a-friend programs:** Many in-game events give away bonus codes based on login milestones, completing missions, or referring new players.
