## Instructions for redeeming codes for rewards

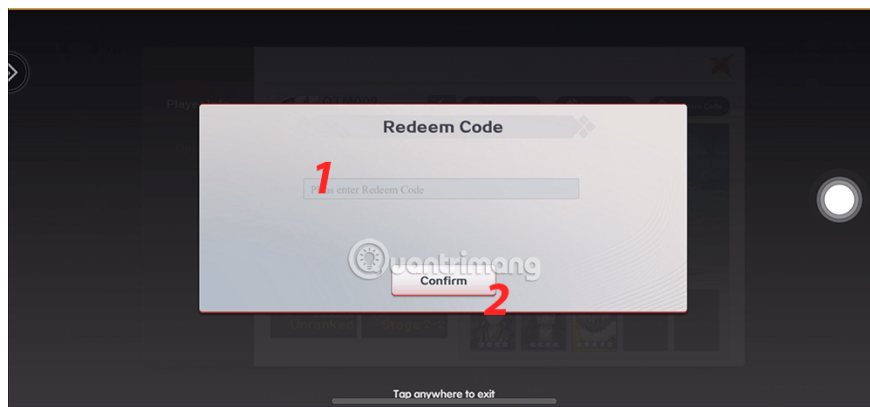

**Step 1:** To redeem the code, after completing the initial instructions, select your avatar in the upper left corner of the screen.

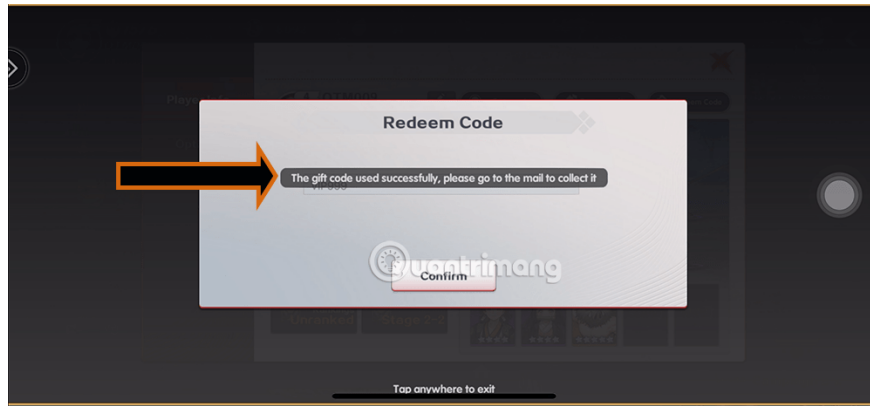

**Step 2:** Select Redeem Code in the character information section.

**Step 3:** Enter all the valid codes of the code table above into the code content box (1) and then select Confirm (2) to redeem the code.

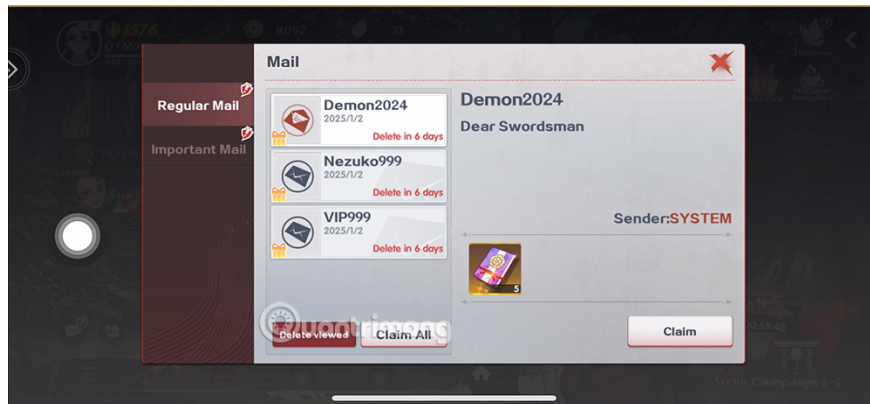

**Step 4:** If a message appears as shown below, you have successfully changed the code. Now return to the main screen.

And select the Mail icon.

Here will be the letters sent from the game publisher, including giftcode letters, event reward letters, notification letters, maintenance letters. You can choose to view each letter to see if it has items and click Claim in the lower right corner of the screen to receive the items of that letter only. Otherwise, choose Claim All to get all the items in all letters.

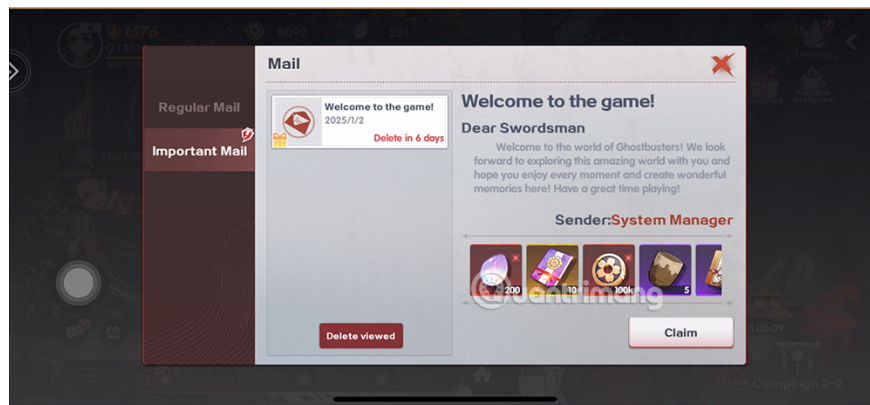

## Ways to get MoonNight Oni Slayer Forgotten giftcode

Because the code comes from the game publisher, you need to save this page of TipsMake.com.com. We will help you update the latest giftcodes from the game publisher, along with events that help you receive giftcodes.

And you can also follow the publisher's official social networking sites. Fanpage, Facebook Groups, Instagram or Youtube channels will also provide free giftcodes and also have information besides giftcodes such as updating more content, opening new servers, events to receive big rewards.

Note that you can only change the code once in 1 account. If you change the same code twice for the same account, the system will report an error.
