The latest series of codes will be updated regularly around the events to receive rewards. Please save this article and check every day so as not to miss any game codes.

In addition, fanpages, Facebook groups, Instagram, Threads and Youtube channels are also places for you to update game codes. Not only game codes but also surrounding information such as game updates, opening new servers, maintenance.

If the code cannot be changed, what is the reason?

There are 2 reasons why the code cannot be redeemed: the code has expired and you entered the wrong code characters. The code is only valid for a few days to a few weeks if it is an event code, while the newbie code will be valid for a longer period.

In addition, you must enter the correct code with characters such as uppercase and lowercase letters, besides, each code can only be redeemed once with one account. If you redeem a code twice with one account, you will not be able to redeem the code.
