Instructions for entering Pokemon Unite game code

Players need to follow the steps below to enter the game code.

Step 1: Access Pokemon Unite on your device.

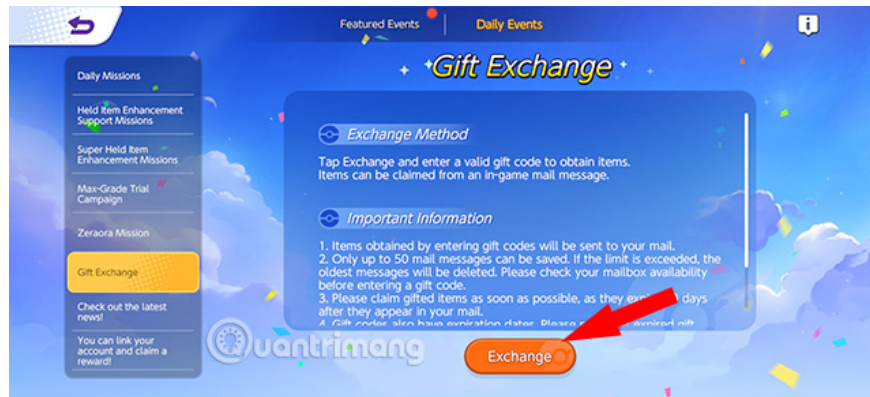

Step 2: Click on **the calendar icon** in the right corner of the interface.

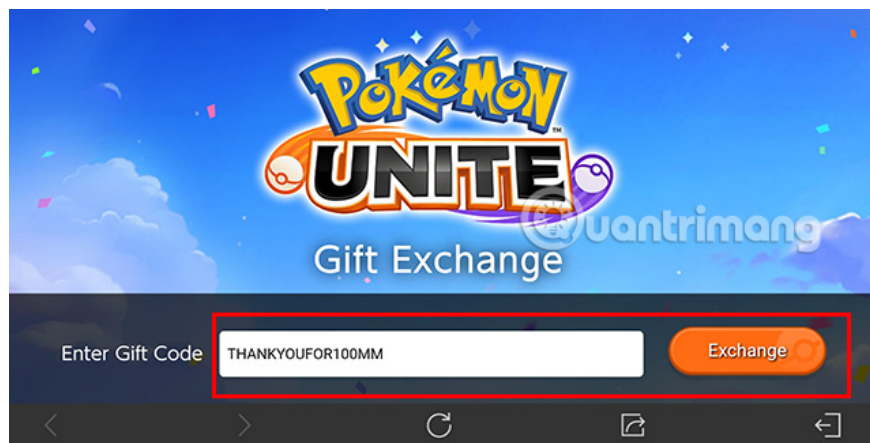

Step 3: Here select the **Daily Events** tab

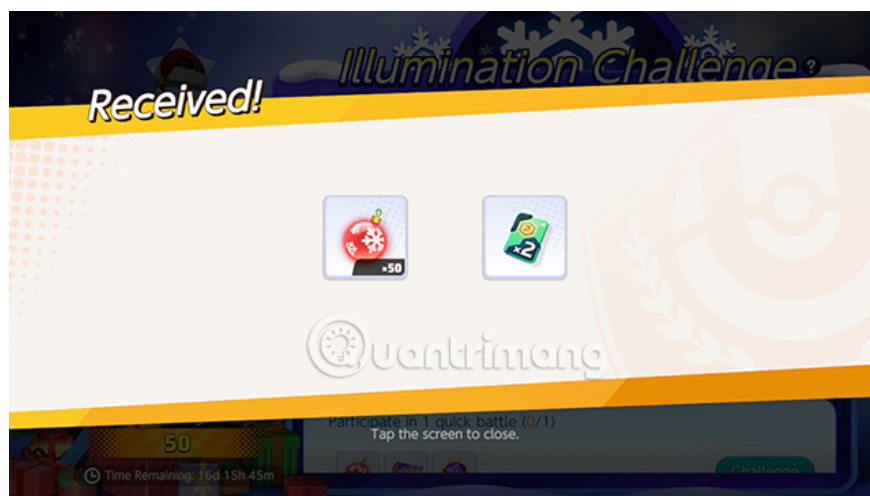

Step 4: Next, scroll down to select the **Gift Exchange** section and click the **Exchange** button.

Step 5: Enter the game code into the new blank box that appears and press **Exchange** to complete the code entry process.

After entering the code successfully, the gift will be sent to your mailbox. Please go to your mailbox and collect the gift.

Why is the giftcode you entered not successful?

There are usually several reasons why your giftcode entry fails, such as:

1. **You entered the wrong game code:** During the input process, you may have entered characters or extra spaces, causing the game code to be incorrect. So please try to enter it again correctly.
2. **You have received a gift from a game code:** If you have already received a gift from a game code once, re-entering that gift code will no longer work. Try new game codes.
3. **Giftcode has expired:** As mentioned, Pokemon Unite codes only have a certain expiration date, so you need to enter them before they can no longer be entered due to expiration.

How to collect new game codes

Players can follow the game publisher on social platforms to get the latest giftcodes released. The platforms you can follow include:
