Why is my Xeno Online 2 code not working?

There can be several reasons why Xeno Online 2 code is not working right now. Some codes may not immediately send the gift to your account, you will need to exit the game and log in again, the reward will be sent to you after that. Besides, the game codes also have a limited time to use, so please enter the game code immediately when you receive them.

Another reason why giftcode doesn't work is that you entered it incorrectly or entered extra spaces in the game code. So please try to enter it again and carefully check that the line of code you entered is correct, or simply copy the giftcode from TipsMake.com's article.
