

# 'Laughing does not shut up' with 23 photos falling into the hands of photoshop workers without mind

The same is Photoshop software but under different adjustments, the photos are different. We have compiled 23 jokes that cannot be shut down from Internet users, brave people and proud to share their works.

1. The 29 impromptu shooting moments are even more 'quality' than Photoshop images
2. See 12 masterpieces of photos that have given the world "cheated fruit" in the past year
3. 20 illustrations will make you review your wishes

**Photoshop** is a great photo editing software with many advanced functions. However, only experts who really know how to use Photoshop can create a beautiful picture: they can better conceal any make-up artist and even they can create it. world in fantasy. Many people are inspired by their own photos and they start experimenting . but they don't always succeed.

**The same is Photoshop software but under different adjustments, the photos are different** . Of course, the level of bad beauty depends on the mind of the corrector. Photoshop is only useful when it falls into the hands of a photographer who has a mind, but when misfortune, anyone who is heartless will not only become useless, but the photos also **turn into jokes for everyone** .

We have synthesized **23 photos of "laughs without mouth"** from **Internet users** , brave people and proud to share their works. Please take a look!
