

Lien Quan Mobile: Top 5 Gladiators with impressive win rates – Climbing rank at the end of season 20 is extremely easy!

With an extremely high win rate, these Gladiator generals will help Lien Quan Mobile gamers conquer high ranks easily at the end of season 20.

Lubo

Recently, the news that MCTN has significantly reduced the power of Lu Bo is shocking the gaming community, even so, he is still a very strong general, worthy of gamers' trust.

Currently, Lu Bo has a lot of ways to build and play to suit different types of squads, ready to gank a lot in the early game or farm in the middle of the game to carry the team. In short, Lu Bu is still a formidable force in the early and mid game with his ability to dash and recover.

In terms of equipment, it is also very diverse, it can be a lot of damage to shock the enemy immediately or all the equipment to unleash and bury the enemy.

Astrid

Exactly, Astrid is not a strong champion to compete for the jungle position in the tournament - where the most powerful and meta-compatible champions gather. However, with a 56% win rate at rank, Astrid is not classified as weak!

The reason MCTN is about to reduce the power of Astrid's 2nd move is because this champion is too strong in the Jungle, so he has to nerf his slow ability. Moreover, gamers playing Astrid can also solo Ta Than road besides going to the Jungle.

Astrid's basic gameplay is still farming and ganking everywhere. Equipment prioritizes a lot of damage to shock the enemy. This is a pressure jungle champion with high damage and the ability to cling and fight annoying.

Zuka

The card that is the top favorite player at the rank before the Master with a very high appearance rate of 3.5% pick rate and 53% win rate. And of course, as long as the ADC is still there, the blood is still there, and Zuka is still present.

In addition to the Ta Than lane, gamers can take advantage of Zuka in the Forest as a recent versatile Gladiator/Assassin. He can be an Assassin that captures the enemy's main force or a general who can engage in

teamfights, getting in and out in a good way.

The advantage of Zuka is the ability to catch odd, especially the mid-game movement will determine the importance of this champion in the game.

Amily

Amily is a hot general depending on rank, but this is a card that is picked more than Lu Bo and has a win rate of 53%.

If in the Amily tournament is an extremely hot card in the Assistant position, then in this rank, this champion is much more diverse when it can be Assistant, Evil God, Forest. In short, Amily can go a lot. roads and has a very richly equipped construction style. The key to this champion is his excellent resistance, healing and damage. Besides, it is the ultimate invulnerability that helps to sweep the fight very strongly.

Omen

Surely the fact that Omen has a high win rate in tournaments is familiar to gamers, while he currently has a 53% win rate at rank. In fact, this general is emerging in the tournament, especially in the role of Assistant with the

number 1 feature after activating skill 2.

Omen easily brought home victory because he was not afraid of being in a lane fight, so he could pick early to go to Ta Than, in case he was in a lane fight, just casually go to Assistant. After all, this is a versatile champion, helping gamers climb ranks easily.
