

# Life will become simple if you know about these initiatives

Human creativity is limitless. Items that seem to have only one use, but under these innovations, it has countless interesting uses.

Human creativity is limitless, having ideas that will make you feel surprised and admired by its usability for life.

To prove human creativity is limitless, please see the series of photos below to see how people have made intelligent initiatives. Maybe you can apply these methods to your life.

A good idea when going to get water, it doesn't take time to wait for the water tank to fill, we can spend time doing other things. Just using a skateboard and putting it in the water press, there was an automatic water dispenser.

If your home does not have a refrigerator, or a power failure, you can apply this method. It is using a large amount of snow to build a refrigerator in the snow, a great solution.

Showering helps us feel much more relaxed. But today your home shower is broken, you have not replaced the new one. Don't worry, use a bottle of water that has been used up to make a shower.

Instead of spending money on music speakers outside you can make yourself a mobile phone speaker from plastic cans. So you can enjoy your passion for music.

No need to use a microwave to heat food. Just a iron and dryer is enough to help you have a delicious, hot dish.

Socks are torn at the tip of your toes, you do not need to buy new socks, just a black felt pen is enough to help you hide a pair of torn socks.

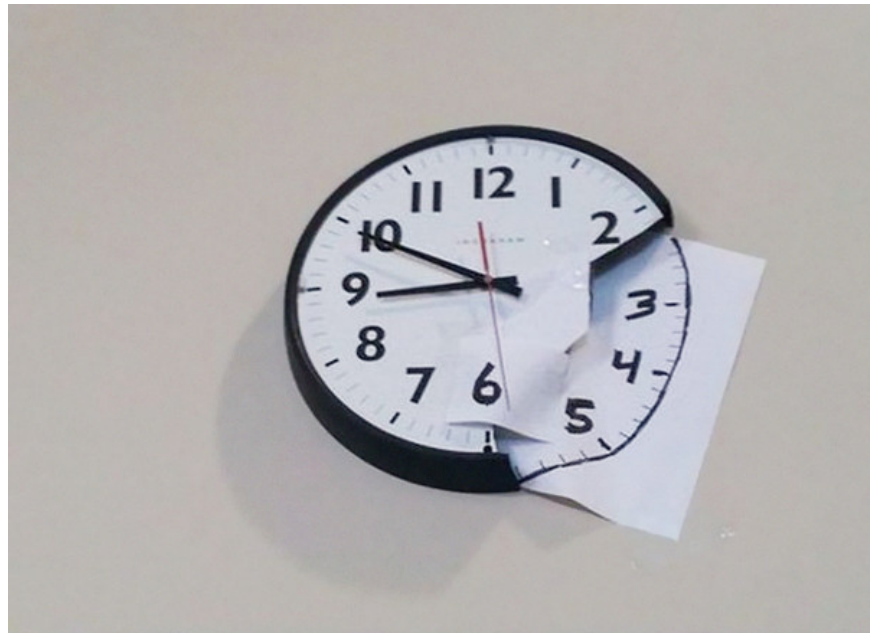

You come to play, lack of drinking cups so why not use these cups.

You like to eat grilled meat, but the grill is broken, so why not use this trolley in the supermarket to borrow a temporary barbecue.

The chair is broken, don't rush to throw it in the trash, it can be used to use it.

The clock is broken, it doesn't matter, just use the paper to paint it and still use it as usual.

A couple of things with a versatile coffee machine, first boiled eggs, then there is always hot coffee and coffee, too convenient, does not take much electricity and effort.

Her birthday without money to buy cake with flowers. So this is a good solution for you without money to buy cakes and candles for her .

1. 9 ways to remove wrinkles on clothes without using irons

Wrinkled clothes, poor houses cannot buy irons, so what to do? Too simple, why not try the method of clothes without the table?

The end of the month has only sausages and this is the quickest way for people to have food at the same time.

A unique razor for those who break a razor and have not yet replaced it.

No need to go to the hot water bath to do anything to lose money, in a beautiful setting like this you will also have a hot bath without worrying about the cost.

In the morning, when I went to school, I had to bring noodles and forgot to bring chopsticks to eat.

When the iron is broken, the induction hob is still working normally, so you don't need to worry about wrinkled clothes.

Hair dryer besides the use of hair drying can also dry hot rice or dry clothes too.

The strawberry razors are distributed reasonably by month, you will be easier to use.
