Zalo does more than allow you to share images and text (so it's sometimes called a 'super app'). Impressive, right?

It's the essence of a 'super app' - offering the user a wide range of features beyond the app's primary purpose. Now let's talk about how to use them.

Zalo Official Accounts

As mentioned, Zalo is being used by many government agencies, celebrities and companies in Vietnam, which means that you can follow their official account and receive updates.

To do so, you have to click on the second menu item at the bottom of the app's environment - **Contacts** - and select **Official Accounts** .

This is the second tab in the menu at the top of the screen (as you can see in the image below, the first tab is **Contacts**).

Zalo Stickers

This is definitely one of the biggest reasons why Zalo is so popular in its home market.

Everyone who has used it knows that it comes with a huge collection of stickers that are great for any occasion or mood.

Finding the right one is pretty easy. Just select the sticker icon at the bottom of the screen while in conversation mode and exploring categories.

Zalo Sticker Bar that you can check out also has many cute and impressive free sticker options. Just choose an image you like, scan the QR code, and you'll be on the sticker page, and that sticker will be added to your app.

The choice of stickers is increasing every day, as Zalo becomes more and more popular, so you won't lack great options to share with your friends.

Zalo Groups

With Zalo, you can initiate a group chat and stay in touch with your friends, family, and colleagues.

As in the image below, you can use calendars, reminders, send media files and even join private groups with the code sent by the group owner (the so-called '**Offline Groups** ').

Zalo Shop

With Zalo Shop, you can easily buy popular items online.

There is a wide selection of products from local sellers, so if you shop online, you will most likely use Zalo to make at least one purchase.

Indeed, integrated financial services are definitely something users don't see much in apps, so this is what makes Zalo a true super app.

The buying process is easy and discounts are available from online stores.

Zalo Bank

This year, Shinhan Bank Vietnam has implemented a smart consumer loan form on Zalo, you can review and register.

The monthly interest rate of such a loan ranges from \$ 1.33 (31,000 VND) to \$ 2.4 (55,000 VND) and can be provided to the user with a minimum monthly salary paid through the bank account. row.

To see the options, click the **More** option on the main menu.

Zalo Transport

Another feature that has made Zalo so popular is that **Transport** is accessible from the More menu option.

Thanks to that, you can check public transport routes, travel times and costs.

Using **Transport** is easy: just enter the starting location and destination and the app will give you all the details.

Zalo Hotel

Use this to book hotels, homes, and rooms across Vietnam. Thanks to integration with Booking.com, you'll get a variety of options to choose from.

Finding and booking accommodation is very intuitive and easy; in fact, it's a bit reminiscent of Booking.com.

Zalo interface

Here, see the application's environment and how to navigate its features.

Dashboard Zalo Messages

The first panel on the main menu, it shows chat rooms and allows you to find your contacts from your phonebook.

Here, you can also update your account information, choose a new image, and start chatting with someone.

The menu marked + in the top right corner also has a link to the Zalo desktop app, the Zalo calendar, and the QR scanner.

Zalo Contacts control panel

This is where you view and manage your friends, official accounts, and add your profile descriptions.

Like any other Zalo option, finding and connecting with friends is easy. If you want to check if any of your Facebook friends are also using this app, you can do so by linking your own account.

To connect with Facebook, click Start in the **Find More Friends section** .

Dashboard Zalo Groups

As mentioned above, this is where you view, manage, and create groups.

Find the **Groups** option on the main menu (middle menu).

Dashboard Zalo Timeline

The next main menu item, **Timeline** is the place to share your stories by publishing posts to your private groups and chat rooms.

If you get a response to your story from a friend, you'll also see a message here.

Just like on the Facebook app, you'll be able to update your friends' info very quickly in this menu option to see what they're up to.

Dashboard More

Here, you will be able to access complete profile information as well as review the best selling items in the store, view popular stickers and get recommendations for official accounts.

Additionally, the menu right below your profile photo provides access to the options the post reviewed, including **Bank, Travel, Sticker, Shop** and **Transport** .
