This is the second time Apple has streamed its event on YouTube. The first time was when Apple introduced the iPhone 11 in September 2019.

According to rumors, the upcoming iOS 14 will still support older devices such as iPhone 6S and iPhone 6S Plus launched in 2015 as well as the original iPhone SE of 2016. For major changes on iOS 14 of iPhone based on rumors, you can see in the article '7 major changes will be available on iOS 14'.
