

# List of character ranks in Honkai Impact

Released in October 2016, Honkai Impact is one of the most played free-to-play RPGs available today. Since its first release in China, it has attracted a lot of attention from avid gamers.

After that, Honkai Impact continued to spread throughout Asia, especially in Japan. High-quality graphics and amazing quests to challenge yourself are the biggest attractions of the game. In addition, Honkai Impact has solid, action-packed gameplay where players can take full control of their characters.

If you have been playing Honkai Impact, surely everyone knows that choosing a character plays an important role in winning. To help players on their journey, let's explore the list of ranks, the strongest characters in Honkai Impact.

## EX level character in Honkai Impact

Different from other games, the strongest character in Honkai Impact will be of EX rank, instead of SS or S. Here are 4 EX level Valkyrie in the game.

### Raiden Mei (Herrscher of Thunder)

If you're looking for the toughest character in Honkai Impact, pick Raiden Mei in her Herrscher of Thunder battle suit. As a Mecha-type Valkyrie, she can deal massive amounts of damage, especially when casting her ultimate Amaterasu's Ride.

Raiden Mei's core strengths when armored with Herrscher of Thunder are paralysis, Paralyze, light damage, quick attack, explosion, and time control. Moreover, Raiden Mei is a great addition to the game. team full of Psychic battle suits for helping to provide bonus SP to teammates.

### **Fu Hua (Herrscher of Sentience)**

Herrscher of Sentience is Fu Hua's BIO battle suit. It is one of the strongest yet most elegant types of the Honkai universe. Herrscher of Sentience can provide excellent physical support and weaken enemies. Fu Hua Chi can deal high damage through combo slash combos whenever he activates his ultimate.

Fu Hua's ultimate A Worldful of Woes is a great assist if you want to gather enemies and apply buffs or debuffs, especially in Herrscher form. When activating her ultimate, she can rapidly degrade her opponent's strength by 75% while taking total damage reduction for 15 seconds. It can even pause all timers, including Abyss Timer and Newton B.

### **Fervent Tempo Delta**

Fervent Tempo Delta's enhanced battle set is the Molotov Cherry. This character is also a combination of twins Rozaliya and Liliya Olenyeva. What's great about FT Delta is that she has a bonus damage multiplier compared to other Bio opponents, top physical DPS. Fervent Tempo is even free to play.

There is no doubt that the Fervent Tempo Delta deals with attacks more strongly than any other Valkyrie. But to make her super powerful, make sure to put it on Fervent mode. The player can only access this mode from Ultimate Attack and in Charged Attack, full Cyan and Pink Juice are required.

## Durandal (Dea Achora)

Dea Anchora is Durandal's BIO outfit. She deals damage with melee fire, can subdue enemies with her throwing skills, and even deals heavy damage through her leadership skills (Crux Galactica) and special attacks (Hercules the Warrior) .

While activating Crux Galactica, Durandal can increase his team's total ULT attacks by 18%. Whenever there are 3 Valkyries with fire damage on the team, she can increase the total ULT damage by 21%.

Moreover, Dea Achora can also perform 3 different modes when activating her ultimate Sagittarius the Archer. Durandal can perform melee mode (Astral Flares), spear mode (Voidstar Anchor) and arrow mode (Seirios

Ballista).
