	Galaxy C series Galaxy C10  Galaxy C9 pro Galaxy C7 pro Galaxy C5 pro Galaxy C7	

The following Samsung devices can receive updates quite late: Galaxy S6 / S6 Edge / S6 Edge +, Note 5. Devices that are not listed above are likely to not receive this Android 8.0 update.

Currently, Galaxy S8 has been updated to Android 8.0, other models will have to wait a while longer. If you are curious about the new features of Android 8.0 on Samsung devices, please read this article: [New features of Android 8.0 on Samsung Galaxy S8](#)

2. Nexus and Pixel phones are uploaded to Android 8.0

The Nexus and Pixel devices below are not only sure to get Android O 8.0 updates, but also devices that are eligible to participate in the development, Preview test, early release of the new Android operating system. This one at any time, without waiting until Android 8.0 is officially released.

1. Nexus 5X
2. Nexus 6P
3. Nexus Player
4. Pixel
5. Pixel C
6. Pixel XL

3. LG phone is on Android 8

Last year when LG introduced the V20 phone with Android N 7.0 pre-installed, it turned LG V20 into the first phone to install this operating system. The same can happen this year with the upcoming LG V30 (around August 31, 2017). Other models like LG G5 and V10 also often get updates very quickly, only after Google launched the latest operating system for about 2 to 3 months. Thus, the device can receive LG Android 8 updates including: LG G6, LG G5, LG V30 (Coming soon), LG V20 and LG Nexus 5X.

Device Confirmation status Updated date
xenus 5X Verified June 2017
LG V20 Verified 4Q 2017
LG G6 Verified 4Q 2017
LG G5 Verified 4th quarter 2017

4. OPPO phone is on Android 8

Because it takes time to refine the ColorOS operating system, OPPO usually takes a lot of time to update the latest Android version for its devices. The latest models like the current OPPO F3 stop at Android 6.0. We can only hope that the latest OPPO models will be upgraded to Android 8.0 O. The list includes: OPPO F3 Plus, OPPO R11 / R11 Plus.

5. Sony device is uploaded to Android O

Although Sony's decision to cancel Concept for Android has made users quite disappointed, this does not mean that the company does not "push" the preview of Android O to the device before being officially released by Google. Like other phone manufacturers, Sony will update Android 8.0 for new devices, belonging to the previous high-end segment, followed by high-end and mid-range devices. The time for these devices to receive the update will range from 3 to 3.5 months. List of specific devices include:

1. Sony Xperia XZ Premium (will receive Android 8.0 soonest)

2. Sony Xperia XZ Dual
3. Sony Xperia L1
4. Sony Xperia XZS
5. Sony Xperia XA1 and XA1 Ultra

6. HTC device is up Android 8.0

Below is a list of updated HTC devices to Android Oreo 8.0.

Device Status Updated Time
 HTC 10 Verified 4Q 2017
 HTC One A9 Verified 4Q 2017
 HTC One M9 Verified Q4 4 2017
 HTC Nexus 9 Verified Q4 4 2017

7. Huawei devices are available on Android 8.0

The Chinese smartphone company will also need a long time to update its devices. As expected of many people, it is not until 2018 that the latest and upcoming devices from Huawei receive this Android 8.0 update. The phone Huawei Enjoy 7S is about to be released, it is announced that it will install Android 8.0. As for Huawei devices available on the market, the following are as follows:

Equipment Confirmation Status Updated time
 Huawei Mate 8 Confirmed November 2017
 Huawei P9 Hope March 2018
 Huawei Nova Verified December 2017

 Xiaomi Mi Max Yes hope 2018 first quarter
 Xiaomi Mi Mix Confirmed December 2017

9. Asus device is on Android 8.0

According to the post of the mod on Asus Zentalk forum, in We Love Photo in Taiwan on August 17, Asus revealed about ZenFone 4.0 and promised that the ZenFone 3 was born last year with the new ZenFone 4. This will be updated to Android O 8.0 in the second half of 2018.

Above is a list of devices of the leading Android manufacturers in the world. Note that this list is based on Google's regular update route for previous versions as well as the device's hardware responsiveness, not the exact manufacturer's list.

10. Nokia phones are on Android 8

Phone manufacturer Nokia is working hard to launch Android version 8.0 for phones which are Nokia 3, Nokia 5, Nokia 6, Nokia 7 and Nokia 8. Even the firm claims that, Android version P (newer) will be updated for all Nokia devices.

Which device are you using? Is it on the updated list to Android 8? Please share with us below this.

11. Motorola phones are on Android 8

On its blog site, Motorola announced its phone list that will receive the following Android 8 update:

1. Moto Z
2. Moto Z Droid
3. Moto Z Force Droid
4. Moto Z Play
5. Moto Z Play Droid
6. Moto Z² Play
7. Moto Z² Force Edition
8. Moto X⁴
9. Moto G⁵
10. Moto G⁵ Plus
11. Moto G^{5S}
12. Moto G^{5S} Plus

Motorola's Android 8 updates have been released for devices starting in the fall of 2017. If you own your phone on the list, be sure to wait.
