5. Realme C51
6. Realme C35
7. Realme C33 (2023)
8. Realme C31
9. Realme C30s
10. And all older models

Note that this is not yet the final list. The devices listed in this book are classified based on the software update policy that Realme is applying to all its existing devices.

Realme currently offers a pretty good software support policy for its smartphones. Next-generation top-of-the-line GT models receive 3 years of operating system updates and 4 years of security patches. However, some older GT models will only receive a maximum of two operating system upgrades.

However, in reality, the policy of supporting 3 operating system upgrades is not too special, because some big names like Samsung and Google provide extended operating system update support policies. up to seven years

for its products. Even Realme's sister companies OnePlus and Oppo have started providing four OS updates for their flagship products.
