

Love consists of 5 stages but most of us have to give up at the 3rd stage

In love, most of us go astray. Love consists of 5 stages, but most of us have to give up at the 3rd stage - the most important stage to decide whether love will continue to a beautiful wedding or farewell ending in indifference and estrangement.

In love, most of us go astray. Love consists of **5 stages** , but most of us have to give up at the 3rd stage - the most important stage to decide whether love will continue to a beautiful wedding or farewell ending in indifference and estrangement.

" *Maybe he / she is not the true love of his life* " is the most used sentence to explain after every broken affair. Even we often say to ourselves like that. However, the people around you think that the two people really fit together.

Maybe you should take the time to rethink everything on your own, we always refuse to answer the question: " *Why is the past love we consider all hours to be?* ". We will deny everything that has happened between the two: the love of the new love, the silent gestures of care, the tight hugs, the thieves kissing in the cinema or the long streets. wreck the leaves.

The **Bright Side** page has found the answer to this strange and troubling truth. Jed Diamond, a psychologist, concluded after 40 years of clinical research: " *In fact most people will meet true love in their lives. But they cannot be together. Through 5 stages of love, most couples only stop at the 3rd stage* ". Join us to find out what their problem is!

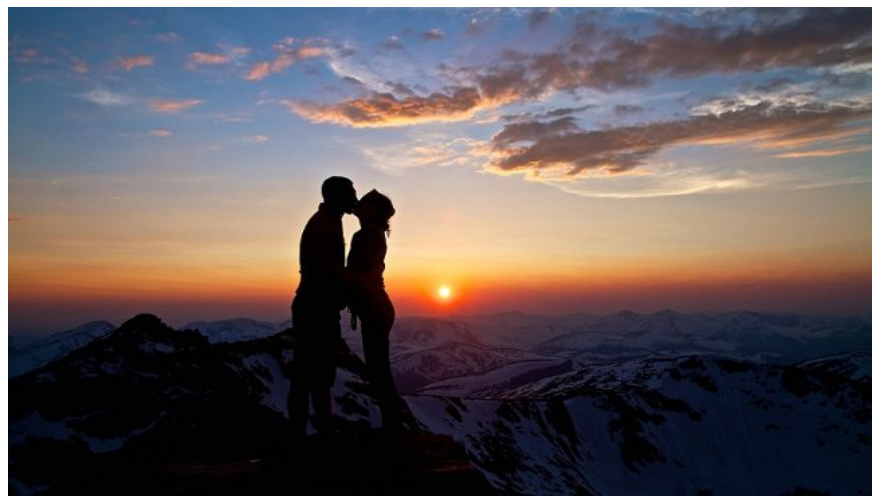

There are quotations in love stories, so beautiful that you just want to love

Stage 1: "Falling into love net"

" *Falling into love net* " is the stage when the hormones in the person are always in a state of excitement and **full of desire** . You have never seen life so beautiful. You imagine every dream, hope for that person. He quickly becomes the ideal mate in your mind and you don't seem to see any bad points in them. You believe that they will always fulfill your wishes and that all their words are true. At that moment, you believe in the power of **true love** without doubt. You think you will love that guy for the rest of your life and nothing can separate your love. Exactly, you're living like a cloud!

Stage 2: Become a couple

At this stage, love becomes stronger, every cell in your body seems to explode whenever you meet that person. You and the person talk more, understand each other better and your presence begins to appear in every aspect of his life. This is the time to share and love. At some time points, after a few months or years, this time may appear a pretty child, which increases the close connection between the two. You will feel safe and always hope.

You believe you have found half of your life - that this relationship is determined by fate.

Stage 3: "Disillusioned"

This is the most dangerous period because it is crucial to decide where this relationship will go. The moment when your hopes begin to be suppressed. The first sign of disillusionment is that the two began to argue more, this **conflict** has not been resolved before there has been another conflict. At that time, you begin to feel bored and think that your feelings may one day dissipate and never return. Two people see all kinds of bad habits. The opponent gradually becomes able to predict your entire behavior, starting to make you uncomfortable.

You start to feel like moving away from them or even telling yourself that they are not the true love of your life. Other thoughts began to appear in his head: " *It's useless when you both torment yourself and your partner in a relationship that has no passion at all!* " You can't feel love, hunting. His squirrel is like the first days. Frustration lasts, things like shattering! Two people all day only get irritated, angry and use harsh words to hurt each other, then quietly withdrawn before the enemy.

If you don't have enough love to pass this stage, you two will be like many other couples. **Disillusioned, then broke love** . Just follow the vicious circle, love and break up and love and break up again. So this third stage is really important - a " *trump card* ", deciding what their relationship will be.

Stage 4: "Journey to create eternal love"

If you close your eyes and try to get through the hardest time to continue even though you sometimes feel reluctant, you can't get past the third stage and move on to the next stage. Your mind gradually escapes the illusions imposed on the opponent in the previous period, the two realize the other positives. The person in front of you is no longer the person you imagined before, but a real person. You accept and more importantly the two understand each other, sympathize with each other's shortcomings. **Understanding** is a form of love, because it is understandable, sympathetic, accepting and getting along with each other. Every day they both learn to love their other half unconditionally. And now is the time to connect and step together to the final stage of love.

Stage 5: "Conveniently married husband and husband, East slaps are also shallow"

At this stage, you realize that both have overcome disagreements, found a strong and strong connection, moving to the final and most fulfilling stage of love: , *East slaps are also shallow* ". When the two of you are in harmony with your soul, there will be no difficulties that cannot be overcome. It seems that the two are one, **compensate each other** , soothe the hurt with **affectionate love** , small but meaningful concerns.

At this end, both will do everything together: working together, writing each other, building things. Being able to come here together, make sure that your lover is **a destined lover** , whom you will be with for the rest of your life.

Let's try to step to the final stage together!
