

Make Halloween cards with simple fingerprints

Hand-made a beautiful card for friends with a unique way of making Halloween cards later.

1. How to create fake wounds when disguised as a female ghost on Halloween
2. Impressive Halloween decoration with old bottles

Every year on the last day of October, people all over the world come together to prepare for the Halloween holiday. During this Halloween festival young people will have costume parties with unique and mysterious shapes.

In addition to decorating the house and dressing up as mysterious characters, the gifts are indispensable for this Halloween day. The gifts will be unexpected and full of emotions of both the gift giver and the gift recipient. So on this occasion you can make unique and fancy cards for your friends.

Prepare:

1. Paper for making cards
2. Paint colors as you like
3. Crayon

Making:

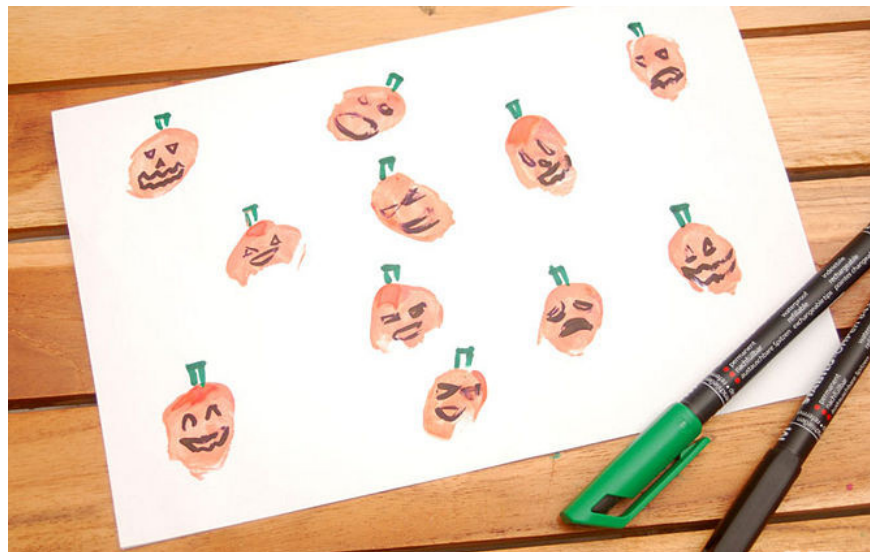

Step 1:

You double the paper to make cards. Then use your finger to dip in the color and print on the top of the paper. These fingerprints will look like pumpkins, symbols of the halloween night.

Step 2:

Using the blue pen to draw the stalk for the pumpkin, the black color is used to draw the eyes and mouth for the pumpkin to be more lively and monstrous.

Step 3:

Use fingerprints as head goblins or witches if you want to try out other than pumpkin face.

With this simple way, you have a unique card, suitable for the Halloween atmosphere to give to friends during the Halloween festival.

Let's start working on this Halloween right away.

Hope you are successful.
