

Marvel at 14 strange jobs people still do everyday in the world

Let's join us in 14 strange jobs people still do everyday in the world that you can't expect in the article below!

1. 12 reasons why you should not believe in a career model on movies
2. The 10 best 'jobs' are available only to those who know a foreign language
3. 30 creative templates make viewers unable to take their eyes off

There are many of us feeling dissatisfied or simply bored with our office work. Besides, there is a small group of people who are doing things that you do not believe exist - some also get a pretty attractive salary.

Let's join us in **14 strange jobs people still do everyday in the world that you can't expect** . Would you like to switch to them after reading this article?

1. People embrace professionalism

© Pixabay

If you want to be hugged, cuddled and patted but you're single or without " *the other half* " on these freezing winter days, get in touch with a professional cuddle. You will be surprised to see that some companies give you the most interesting and interesting experiences, giving you a " *cold winter* " with " *hug* " service . You can hug someone for a fee ranging from 60-80 USD per hour.

Note: There is nothing other than hugging !!

2. Scuba divers pick golf

© Golf Ball Divers

If you love diving and outdoor work, you are a great candidate for this perfect job. A golf scuba diver is responsible for collecting all the unfortunate balls that fall into the lake. This job may sound interesting and interesting but not an easy task, because you may face a lot of dangerous things like mud, algae or even snakes, .

3. Staff try pet food

© thinglink

Some people view pets as a special member of the family; Therefore, food must always **ensure quality and appetite** . So we need people who try food for their pets. Will these employees taste first to evaluate the taste and quality of the dish to see if it is up to standard? Nobody wants to eat non-tasty foods, especially family pets.

4. Staff check bedding

© Pexels

As the title mentioned, these are the quality control staff for beds (*mattresses and pillows*) for companies and hotels. You are paid to lie on comfortable mattresses. At first glance it sounds like a dream job; However, it is not without difficulties. A good bed inspector is a skilled person who knows if the mattress has collapsed or are the edges strong enough to sit on?

5. Staff tried the smell of eating paper

© Pixabay

Do you know why all types of napkins are fragrant or have no smell? It was not a coincidence, but because they had a tissue scent team to make sure there wasn't any unpleasant smell there. And like the above work, this is still not an easy task.

6. Skin care testing staff

© Pixabay

They are people who work for skin care companies, where employees try out some products to see their skin changes. To do this job, you need to have the knowledge and seriousness to appreciate the product through which to choose to approve or reject the product.

7. Employee queuing

If you don't want to line up for hours to buy things, this is a safe solution for you. Recently, a brand-new service has just been launched to serve fashionistas but lacks patience. Although I really want to own the item that is "hot" but not everyone has the time and hard work to give up. So there are people queuing up, they are paid to stand waiting for many hours outside the store to buy the goods like that.

This is an extremely boring and difficult job . Sometimes, you have to queue for 19 hours to get a new product launched or a sample sales item.

8. Staff try sliding water pipes

To have a perfect water slide system, it is necessary to **ensure safety and enjoyment for players** . It is the responsibility of the water slide test staff to check the amount of water needed, the speed that can be achieved and the level of safety to ensure exciting moments for children and safety for adults. What a hard job!

9. Staff take solid poison

Snake venom can be used in many things, especially in scientific research. So the need for venom is very necessary, but it is not easy to get it. Solid poison workers will spend days just pushing the snakes into a plastic box to extract venom or snake milk. These are truly brave heroes, because thanks to them many people have been saved.

10. Model "body"

Turns out now you don't need a beautiful face or a "fiery" body to be a model. If you own a beautiful hand or foot, companies are willing to invite you to promote their products. Or even some places are looking for ugly hands or feet to model, but are also paid a great salary.

11. Staff catch worms

Have you ever wondered if fishing shops have so many worms? The answer is that they have a team of worm catchers to provide for the store. Worms can be found everywhere in the garden, in the park, in the golf course, . wherever you can make money.

12. Staff try insects

If you are a fan of *X Factor* or *Fear Factor*, it must not be too strange for insect-eating challenges right? To make sure this " *disgusting food* " is not harmful, the program will hire people to taste the insect - no one will be hurt . except them. In return they are paid a very high fee for this job.

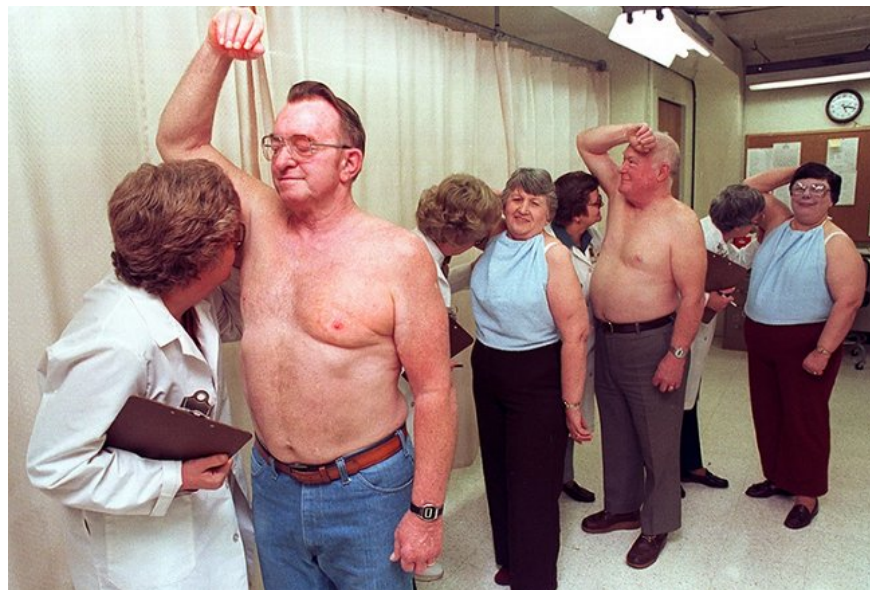

13. "Nude" photo model

© CarlosRodriggsArt

"Nude" photo model is a job that receives a lot of mixed opinions. **Some people consider it illegal, but others use it as an art** . But anyway, this is a very interesting and special work. You do not need to have a perfect body, the most important thing is that you have to be confident in front of many people and stay in the same position for many hours.

14. Staff check "body odor"

Body odor here is the armpit, these are the employees who make companies produce deodorant rollers. The daily specific task these employees have to do is to spend hours **checking the body odor of different people** , sometimes up to 60 people in an hour to verify. Their goal is to determine the effectiveness and quality of deodorants.
