DefiHorse's INO Event

Heroic horse breed officially opened for sale in the first NFT of the DefiHorse project. Among DefiHorse's four racehorses, the Heroic is the most popular, accounting for 44% of all racehorses. The Heroic horse line possesses supple strength, a muscular body and contains the quintessential inner force from the Earth.

Along with 3 levels: common, Rare and Ultra Rare, players will have the opportunity to own the strongest steed through the Heroic Mystery Box. DefiHorse currently offers 300 Heroic Mystery Boxes at 1,000 BUSD/heroic only on the RADA platform.

Time: 1 PM February 27, 2022 UTC

Location: Launchverse.io — Website: Rada.network

Rules: Whitelist (white list) & first come first served.

DefiHorse Whitelist round takes place from February 19 to February 26 with 300 slots, of which, 250 are randomly selected and 50 are for the Top 50 referrers.

About DefiHorse

DeFiHorse is a Vietnamese NFT game project combined with blockchain, in which users can own horses, trade or breed horses similar to the real-life elite who own precious horses. The game offers 4 different horse breeds including Chaos, Titan, Poseidon and Heroic; Each species has different characteristics, creating game advantages as well as creating new items. The names of the four horse breeds are based on Greek mythology.

Previously, DeFiHorse completed a seed & private funding round of up to nearly 5 million USD in less than a week with the participation of many world famous blockchain funds.

According to the roadmap in 2022, DeFiHorse will release the first game on the web, then iOS and Android operating systems, integrate AR technology, and organize global competitions with a prize of 1 million USD.
