Minecraft gamers who love the horror genre will definitely have to pay attention to this mod. Called "Twilight Forest", this mod will take players through a spooky portal leading to a cursed dimension to explore.

While "Twilight Forest" is also fun in multiplayer, this mod is specially built for those who want to play solo. It includes a lot of quests, mobs and general quests to complete and keeps you entertained for hours on end.

Aquaculture 2

While fishing in Minecraft can be fun at first, one must admit that it quickly becomes boring over time. This is mainly from the lack of variety and complexity in Minecraft's default fishing system.

Aquaculture was created to get gamers inspired with fishing in Minecraft. This mod adds over 30 new types of fish to catch, along with new fishing rods, lures, items, and more. For anyone looking for a solo mod to experience, this is an option worth checking out.

Ice and Fire: Dragons
