A Brief Introduction to No More Room in Hell 2

You must use your wits and quick reflexes to band together and fight the unstoppable force of the undead. Communication and strategy are key to survival, as danger lurks around every corner. Find your way through the zombie hordes using your fighting prowess - or your wits.

Even if you play with teammates, you'll start alone. Find ways to meet up with your teammates on the vast map with distance-based voice chat, and work together to increase your strength by "grouping" together as a team.

Each match starts you off shivering in the dark with just a beer in hand, and builds a fully-equipped co-op squad armed with assault rifles and explosives. But remember—danger is always present. And if one player dies, all their progress is lost.
