

Mouse Chase Home App

Download the Pillow Chase Home App: A unique 2-in-1 launcher that personalizes your Android and lets you play a super fun chase game.

If you're looking for a complete makeover for your Android phone but still want entertainment right on your home screen, **the Pillow Chase Home App** is the perfect choice. It's not just a powerful launcher, but it also includes a built-in action-packed game, offering an unparalleled multi-purpose experience.

Pillow Chase Home App – A unique runner combined with gameplay.

Unlike traditional launchers, **Pillow Chase Home App** is designed with a youthful and dynamic style. This application allows users to completely change the device's interface without affecting system performance.

1. Unlimited customization of the home screen.

The app provides advanced tools to help you design your own workspace on your phone:

1. **Flexible layout:** Freely arrange application positions and create smart folders based on your usage habits.
2. **Accent Color:** Customize the main color palette for the entire interface (from the notification bar to quick settings) to your personal preference.
3. **Icon Shapes:** Transform boring icons into fun shapes like circles, squares, hearts, or custom designs.

2. ? Experience the super-fast Pillow Chase game

Right on the home screen, you can quickly access the game **Pillow Chase** . This is a chase game full of surprises:

1. **Gameplay:** Run, dodge, and race in a dream world.
2. **Mission:** Collect pillows, jump over alarm clocks, and dodge coffee cups that cause delays.
3. **Objective:** Extremely fun short-term entertainment, perfect for relieving stress after work.

Notable security features and improvements

The **Pillow Chase Home App** is not only beautiful but also extremely useful for managing devices:

1. **Hide private apps:** You can easily hide important apps from the home screen to increase security while still maintaining full control in the app drawer settings.

2. **Custom Gestures:** Set up swipe and tap actions to quickly open the camera, search, or any app you frequently use. This makes one-handed operation easier than ever.
3. **Unique wallpapers:** A collection of wallpapers directly inspired by the Pillow Chase game, providing a great look that perfectly matches your phone's new "outfit".

Instructions for use and default settings

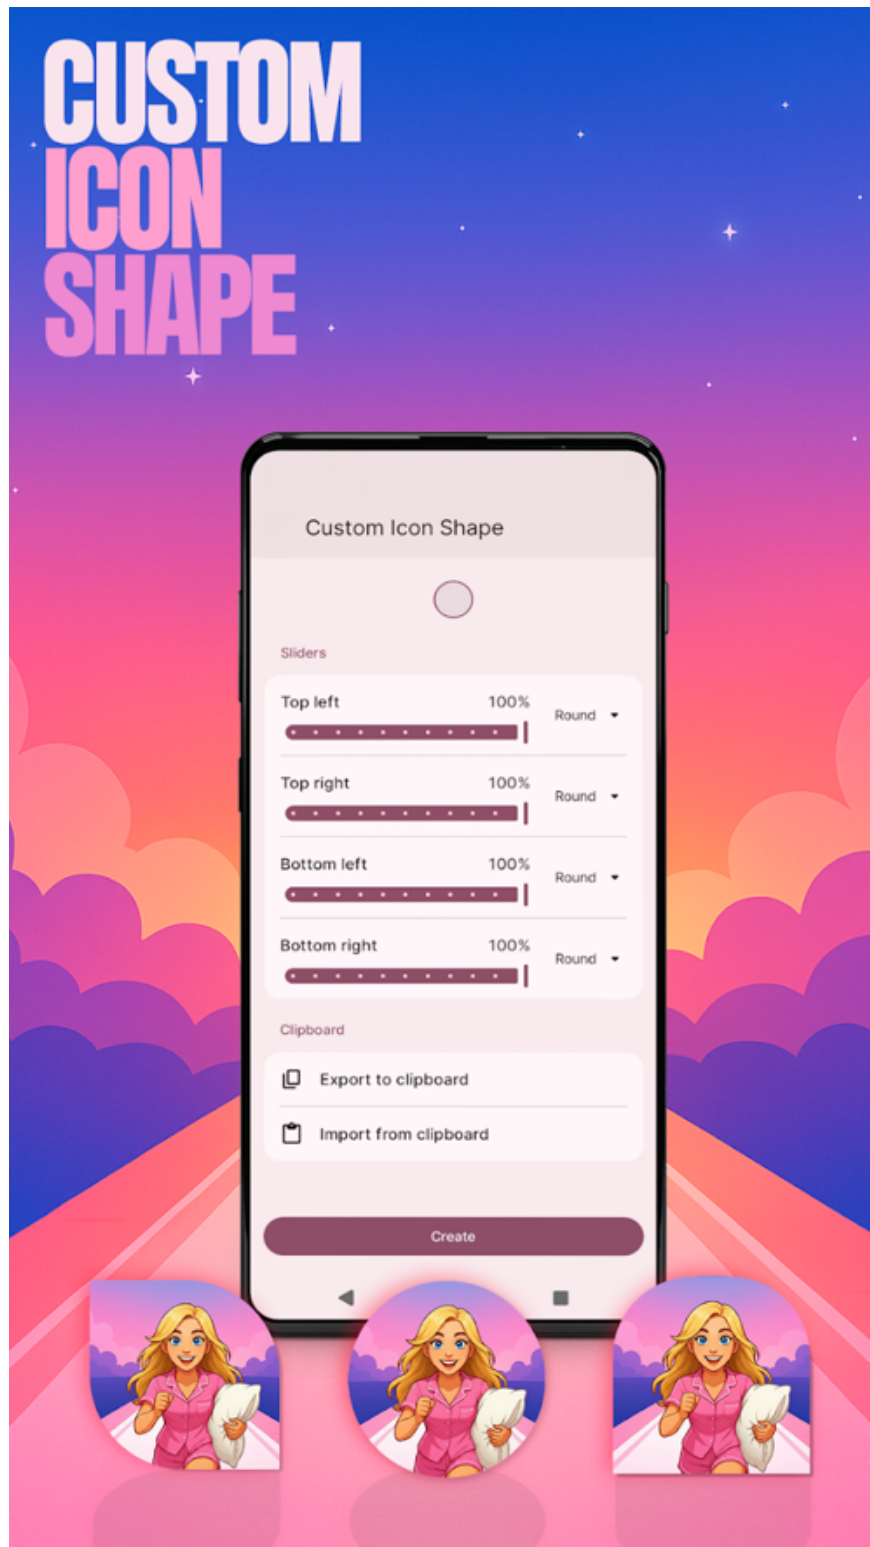

To ensure **the Pillow Chase Home App** works perfectly, you should follow these steps:

1. **To set it as the default:** Go to *System Settings* -> *Apps* -> *Default Home App* -> Select **Pillow Chase Home App** .
2. **Open the Custom Menu:** Press and hold on an empty area of ??the home screen to open the quick settings menu (Wallpapers, Icon Shapes, Gestures).

3. **Revert to the old theme:** If you want to revert to the old theme, you can change the default settings at any time without worrying about losing your old layout data.

Frequently Asked Questions (FAQ)

Will installing this app erase data on my phone?

1. No, this is just a launcher; your data and application will remain unchanged.

Does the game Pillow Chase take up a lot of storage space?

1. The game is included in the 46MB installation package, making it very lightweight and requiring no separate download space.

Can I customize the icon colors to my liking?

1. Yes, the "Accent Color" feature allows you to change the dominant color of the entire home screen application.

Conclude

Pillow Chase Home App is the perfect combination of personalization and entertainment features. With high security (app hiding) and fast-paced gameplay, it's definitely the best Android launcher to try in 2026.
