

MSI GT680 - Sandy Bridge laptop for gamers

Next year, at CES (taking place from January 6 to January 9 in Las Vegas, Nevada, USA), MSI will officially launch laptop for gamers using Sandy Bridge

Next year, at CES (taking place from January 6 to January 9 in Las Vegas, Nevada, USA), MSI will officially launch laptops for Sandy Bridge gamers - Intel's latest processor.

New product with the name MSI GT680, equipped with 2GHz Intel Core i7-2630QM Quad Core processor, 15.6 inch screen with Full HD resolution, NVIDIA GeForce GT460M graphics card or AMD Radeon HD 6870.

It has 4 DDR3 RAM slots with the ability to upgrade to 16GB, support Turbo Drive Engine technology. There is still no information about the price of this "terrible" laptop.
