

My Hero Academia: The Strongest Hero Character Rank List

Choosing a character for a strong squad is very important in action RPGs like My Hero Academia: The Strongest Hero.

When forming a team there are many factors that players need to consider, as heroes with good records in PvE are not as effective as expected to have an advantage over opponents in PvP. Therefore, it becomes even more important to classify heroes according to their performance in both modes.

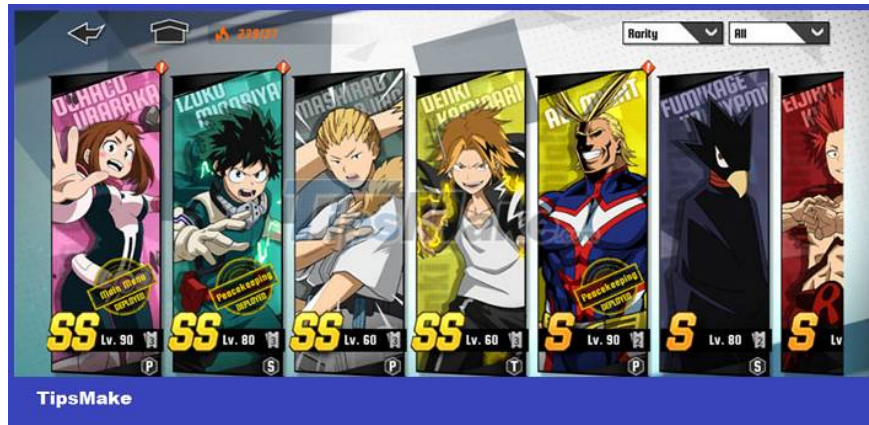

The following list of the strongest hero ranks in MHA: The Strongest Hero will help players choose the best characters to train and fight in fierce battles.

Hierarchy

Characters work differently in PvP and PvE modes. So if you want to have an advantage in battles, choose your heroes according to the mode you want to play.

This rank is ordered by ability in PvE and PvP, based on research into both the game and anime and manga. Each rank will show the outstanding ability and strength of the characters.

1. S+: The strongest character with great fighting skills and very difficult to defeat them.
2. S: Strong character after S+ level, Can win in battles but not top priority in respective modes.
3. A: Heroes can be active but not as strong as S+ and S.
4. B: These characters are suitable for beginners but don't have much power to win battles.
5. C: The weakest characters in the respective mode, with attacks that are predictable and easy to defeat in battle.
