

# New iPhone 16 meme series, mixed reviews but hilarious

The day after Apple launched the new iPhone 16 series at the 'It's Glowtime' event on September 9 (US time), netizens everywhere are making fun of and sharing funny photos of Apple's new iPhone.

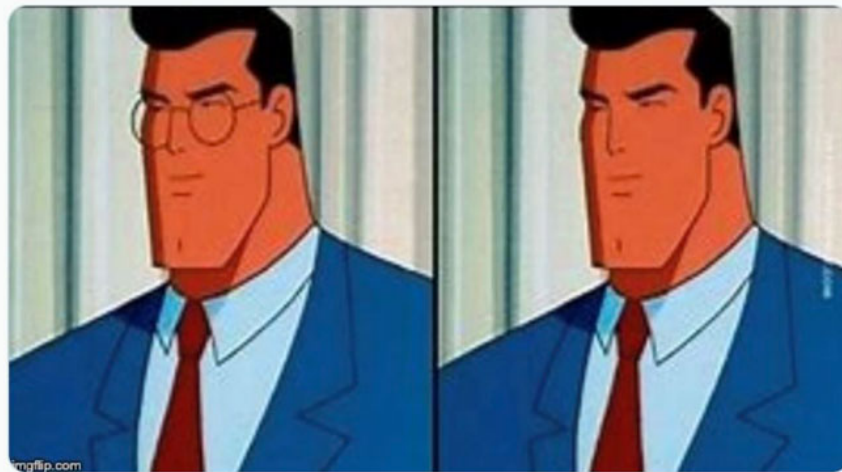

With the iPhone 16, some people were disappointed because they were hoping for more than just the "biggest screen and thinnest design". Meanwhile, the new camera button of the iPhone 16 has some users paying attention and excited about it. But whether they are happy or not with the new iPhone 16, humorous netizens also have creative ways to express their feelings:
