

New Koda character skills in Free Fire OB47

KODA is a new character that will appear in version OB47. Let's learn more about the new Koda character skills in Free Fire and their influence in the match through the following article.

Free Fire's OB47 update introduces KODA, a game-changing character. KODA is a tactical expert with a unique ability called Aurora Vision, which enhances enemy detection and mobility.

Details about the new character Koda's skills in Free Fire

- **Aurora Vision skill:** is an active skill of the new KODA character that can completely change the way you approach battle.
- **Effect:** When activated, Aurora Vision increases KODA's speed by 10% for 8 seconds. During this time, he can detect hidden enemies within a 50 meter radius, cooldown 45 seconds.
- **Limitations:** KODA cannot detect crouching or prone enemies, maintaining balanced tactical gameplay.

While KODA is in free fall, his ability will highlight the location of enemies he can see, allowing him to land safely. This effect only affects KODA himself and does not help his teammates.

Advantages of the new Koda character skill in Free Fire

- **Enemy Detection:** KODA can detect enemies hiding behind structures, giving you a strategic advantage, especially in ambushes.
- **Movement speed:** The new Koda character skill in Free Fire helps players increase movement speed, be more agile to change position or escape quickly during combat.
- **Early Game Advantage:** KODA's ability to spot enemies in mid-air helps you choose better landing spots and gain an early advantage in high-traffic areas.

KODA is the latest character to be added to Free Fire with the OB47 update. Garena continues to bring fresh gameplay and KODA's Aurora Vision combines action and smart tactics that will make him ideal for both new and experienced players. Use him to plan better landings or gain the upper hand in close-quarters encounters.

Currently, the character KODA only appears in the test version. If you want to learn about the skills and gameplay of this character, you can **download the Free Fire OB47** test version to your device to play first.
