How to redeem Monkey Tycoon code

Step 1: Similar to the way to redeem codes of many other games, Monkey Tycoon also has an icon to open the code table right on the main screen so you can easily redeem codes for rewards without having to go through many steps.

Step 2: After opening the code exchange table, enter all the gift codes in the code table above into the code content box (Type Code Here) and select Apply Code.

If the game code is still valid, you will receive the reward immediately.

Please note that each code can only be redeemed once per account, and if the code expires it will not be redeemable. So it is best to save this page of ours and check it every day so as not to miss any giftcodes.
