

Nokia C2: Single camera, Android 9 Pie Go Edition, 4G connectivity

HMD Global recently unexpectedly launched the Nokia C2 - a new low-cost smartphone that follows the Nokia C1 model launched in February.

HMD Global recently unexpectedly launched the Nokia C2 - a new low-cost smartphone that follows the Nokia C1 model launched in February.

Nokia C2 is equipped with a 5.7-inch HD + IPS screen with an 18: 9 aspect ratio, larger than the Nokia C1 C1's FWVGA + IPS screen. The front of the device has a 5MP selfie camera along with LED flash.

Machine only has 1GB RAM and 16GB ROM, expandable with MicroSD card up to 64GB.

The battery of the machine has a capacity of 2800 mAh with regular charging 5W. Nokia C2 supports adding 4G connectivity.

Nokia C2 has a single 5MP camera on the back. It is equipped with MicroUSB 2.0 port, 3.5mm jack and integrated Google Assistant virtual call button.

Nokia C2 comes with Android 9 Pie pre-installed Go Edition.
