In the list of countries that appear, you choose Singapore:

Wait a moment for Opera VPN to roam, then you can open your browser, enter taobao.com and access it normally:

According to some comments, this website is proceeding to cut down access to maintain the system, preparing for the largest, most important 12/12 sale in the year. Most likely, Vietnam is on the restricted list this time.

No problem, just follow the instructions above, you can access taobao.com normally, though a bit "swirled" a bit, but still okay.
