

Offer to download J2TEAM Death Click the free version

J2TEAM Death Click is an extension for Chrome that helps manage members on developer juno_okyo's Facebook group of the J2TEAM community.

J2TEAM Death Click is an extension for Chrome that helps manage members on developer juno_okyo's Facebook group of the J2TEAM community. It will help you remove any member on Facebook group with lightning speed. Since the default utilities that Facebook provides for group management are not yet effective, J2TEAM Death Click is really a great choice for you as an admin group on Facebook.

Now the Free version of J2TEAM Death Click has appeared on Chrome Store, please download it quickly.

With this free version, users can only use the membership removal function with "light speed" only, to use advanced customizations you have to pay.

Download link: J2TEAM Death Click

After downloading and installing, please access your group on Facebook -> click on the extension icon -> enter the Group ID of the group you are admin -> right click on the member's name to remove -> select **Block this user from group** .

Check out the author's video below to know how to use this extension:

See more:

1. Download and experience the extension to help you learn English when surfing Facebook very useful by the Vietnamese guy
