

Open 100 Microsoft Edge tabs on Android, you will get interesting surprises

If you open more than 100 tabs in Microsoft Edge browser v42.0.0.2519 version, the icon showing the number of tabs will turn into Ninja Cat icon - Legendary cat in Windows.

If you open more than 100 tabs in Microsoft Edge browser v42.0.0.2519 version, the icon showing the number of tabs will turn into Ninja Cat icon - Legendary cat in Windows.

This change is currently only available in the beta version of Microsoft Edge and it may also appear in the official version coming soon.

Easter egg if you have a ton of open tabs :)
10:02 PM - Sep 7, 2018

Before Microsoft Edge, Google Chrome also had this interesting feature. When users open more than 99 tabs on the Chrome browser, the Ninja Cat icon will also appear.

It seems, the Microsoft Edge beta browser for Android is supplemented with many interesting new features. If you want to experience, you can download the official version of Microsoft Edge according to the link below.

1. Microsoft Edge for Android
2. Microsoft Edge for iOS
