

Open the box of Tecno Camon 20 Premier: 108MP camera is no less than Galaxy S22 Ultra, priced from 10 million VND

Tecno has just launched a new mid-range phone with attractive equipment including a 108MP camera, 45W charging, 120Hz screen and a 5,000 mAh battery that breathes heat into the high-end Galaxy S22 Ultra.

Tecno Camon 20 Premier has just been released for \$ 450 (about 10.5 million VND). The phone comes with a carrying case that contains a matte finish, a 45W charger, 3.5mm headphones, and a USB-C cable.

One point that makes the Tecno Camon 20 Premier special is the back design. Tecno calls it a 'puzzle structure design' made of 'Magic Sking leather' that is soft but has good resistance to fingerprints and scratches. The version we unboxed is Serenity Blue, while the Black version has a sleek design.

The phone's bezel is smooth and glossy like the iPhone 14 Pro Max, mirrored for a premium feel and firmer grip. In general, Tecno Camon 20 Premier has a sophisticated design and exceeds expectations compared to the price from 10 million VND.

The phone is equipped with a trio of cameras including a 50MP 1/1.56-inch main camera with stabilization, phase-detection autofocus and laser. It also has a 108MP ultra-wide-angle camera with autofocus and close-up macro shooting, and a 2MP depth sensor. Besides, there is a flash with a flower-shaped design that supports macro photography. At the front, the phone also has a 32MP selfie camera that supports sharper shooting.

Tecno chose the MediaTek Dimensity 8050 chipset paired with 8GB RAM and 512GB storage. The phone also has a 6.67-inch AMOLED display with a resolution of 2400 x 1080px with a refresh rate of 120Hz.

Not only does it have a 5,000mAh battery, the phone also supports 45W charging. With the above equipment, Tecno Camon 20 Premier is really a formidable opponent of the Galaxy S22 Ultra if it returns to Vietnam for only 1/2 the price of Samsung home phones.
