

OPPO Reno10 Pro launched, 16GB RAM, 6x optical zoom camera priced at only 11.6 million, 'knock off' Galaxy S23 Ultra

OPPO Reno10 Pro is a powerful smartphone top choice, with a large optical zoom camera but not as expensive as the Samsung Galaxy S23 Ultra.

Along with the super product Reno10 Pro Plus, today OPPO also launched the Reno10 Pro. This version is shortened with a starting price of 3499 yuan, equivalent to only 11.6 million - less than half the price of the Galaxy S23 Ultra.

OPPO Reno10 Pro is also a portrait-focused model, OPPO is equipped with a 32-megapixel super bright and dark telephoto lens on the Pro version, 1/2.74-inch sensor area, f/2.0 aperture, focal length 47mm equivalent.

photo by up to 8 times. . This monitor has 2772*1240 resolution, 450PPI pixel density, supports 120Hz LTPS intelligent dynamic refresh rate, maximum brightness up to 1400 nits, covers 1.07 billion colors and P3 wide color gamut . In terms of performance, Reno10 Pro uses a 6.7-inch screen, equipped with MediaTek Dimensity 8200 chip and 4600 mAh battery, supports 100W fast charging.

Reno10 Pro includes two versions of 16GB + 256GB priced at 3499 yuan (about 11.6 million VND) and 16GB + 512GB priced at 3899 yuan (about 12.9 million VND).
