

Play Together: Tips for finding lost items and puppies during a police mission

Play Together: Tips for finding lost items and puppies in a police mission, Finding lost objects or puppies is a rather difficult task in Play Together,

Play Together is the hottest game right now. The attraction of the game not only comes from cute and beautiful graphics, bringing high interactivity between players, but also in extremely interesting tasks. One of them is the task of finding lost objects and dogs to help the police.

Help police officer Victor find lost objects or puppies to receive stars

In it, the police Victor assigns the player a task to find the lost items and puppies. If you successfully complete this task, everyone will be rewarded with 100 stars and this amount will be 3 times more if you watch promotional videos. The total number of stars the player can receive is up to 900 stars.

However, because it is a time-limited quest, many players will be confused as to where to look. The following tips will help everyone overcome this challenge.

For each object or puppy found, the player will receive 100 stars

Tips for finding things and puppies in Play Together

Lost items and puppies will emit a sparkling light that can be seen from a considerable distance.

Besides, people can also move to a quiet town/language for easier search.

It will be easier at night or at night to find objects and puppies because the glitter will be more visible. So everyone should complete this quest at night.

In addition, moving by means of skateboards, bicycles, cars, . will also help the character travel between locations more quickly than walking and running. Since people don't know the exact location of objects and dogs, it's important to move quickly to search everywhere.

Lost objects and puppies often emit a recognizable light at night

Some places can find objects and dogs
