3. How to fix errors hanging game Rules of Survival

Shortcuts that control GameUnknown's Battlegrounds

1. Download PlayerUnknown's PC Battlegrounds game

Z key: The posture of lying down helps you to be less visible when lying between tall grass bushes. But the disadvantage is that it is not possible to adjust the center of the gun as well as to move it.

Key C: Stubborn posture can avoid bullets, and can observe and watch the shot as usual. In the sitting posture you can also move to bend, avoiding attention.

Key X: Remove weapons and use bare hands, help move faster.

Key V: Change firing angle. The first view will be aimed at, but difficult to observe, you can use this mode by clicking on the right mouse button. The third view will default to extremely large coverage.

B key: Change firing mode. The firing mode consists of a single shot for 1 left click, Burst shoots a bullet for 1 click, Auto holds the mouse to release the bullet.

F key: Pick up items, open the door, get on the car (pick up the items, use the Tab button and press the left mouse button to pull over for quick).

Tab / I key: Open the backpack to see other items. Alternatively, this key can be combined to pick up items faster.

Shift key: Increase speed when moving, apply on all media. Use this key to aim and shoot more accurately.

G key: Next weapon.

Keys 7,8,9,0: Quick keys for medical equipment such as healing and medicine.

Key Q: Tilt the person to the right.

E: Tilt the person to the left.

Alt key: Hold Alt and rotate the mouse to keep the view around.

M key: Turn on or off the large map.

Ctrl key: Go slow.

Key =: Automatically run.

Ctrl + T key: Enable / Disable Voice Chat in game.

Key Ctrl + U: Turn off all display bars like blood, bullet, mini map, gun, compass .

Ctrl + 1,2,3,4,5: Move the seat position in the game.

Page Up / Page Down key: To adjust the drop of the bullet at 4x or more.

Key Ctrl + Right mouse or drag and drop item: Show map separator.

Key Ctrl + Right mouse or drag and drop item: Show map separator.

Left mouse key after firing (sniper rifle): The gun will hold the view so you can see where the bullet is falling.

Right-click key 1 time: Look down at the first view.

Right mouse button: See more accurately at the 3rd perspective.

These are the basic shortcuts, moving or using guns when playing PlayerUnknown's Battlegrounds. Remember these shortcuts to take advantage of the game.
