

Please download EQQO, a storytelling puzzle game, available for free on the Play Store

EQQO is a puzzle adventure game with a very interesting storytelling style inspired by the legends of the Ethiopians.

EQQO is a puzzle adventure game with a very interesting storytelling style inspired by the legends of the Ethiopians.

1. Please download QUBE 2 and Layers of Fear, two great puzzle games, horror games are free

Players will play a blindfolded boy, always carrying a easter egg with him and journey to explore the world, repelling the dark forces that are always ready to swallow the boy and the egg.

The task of the player is to guide the boy to move through many different types to solve the puzzles in each level. The power of easter eggs will help players unlock mysterious rooms.

The temples, characters and the trap system in the gamut are ancient in style, bringing a sense of mystery to the player.

Features and characteristics of EQQO:

1. There is a version that supports AR.
2. Friendly control system helps players easily control the character in the game.
3. The game has more than 40 levels filled
4. The puzzles and secrets in the game are divided into 40 levels for you to explore.
5. 25 items are hidden everywhere for users to find and collect, each item will open an interesting personal story.

Currently, the game EQQO is free on Google Play until November 1, 2019, please download and experience.

1. EQQO - Apps on Play Store
