

Please download **Kingdom Come: Deliverance**, a very good medieval war game, free

Kingdom Come: Deliverance is a top-notch action role-playing game set in medieval times.

Kingdom Come: Deliverance is a top-notch action role-playing game set in medieval times. The game revolves around the war of the Kingdom of Bohemia of the warlords after Emperor Wenceslaus IX was overthrown by his brother, with bloody civil wars taking place constantly based on many true events in history. .

Players will play Henry, the son of a blacksmith in the village of Skalitz in Bohemia, to join the resistance movement to fight the feudal lords and emperors.

In the game, players will experience honestly what is most harsh about a medieval world, just a moment of carelessness will cost you with your life.

The in-game combat system is considered to be one of the best and most technically skilled medieval sword systems ever made.

Graphics in the game are built on the Cry Engine platform, so all details are very realistic and synchronized with the plot.

Recommended configuration:

1. Windows 7 (64 bit) or higher.
2. CPU Dual Core 3.0 GHz (or higher).
3. GPU 1024MB VRAM (or higher).
4. 2 GB RAM (or higher).
5. DirectX Version 10.
6. Storage 2 GB available space.

Kingdom Come: Deliverance, priced at \$ 9.99, is currently free on the Epic Games Store until February 20, 2020. If you like this game, please download quickly before the promotion period ends.
