

Please download Riptide GP: Renegade, the water motor racing game is free for both Android and iOS

Riptide GP: Renegade is a racing game but your racing terrain will be rivers, flooded roads instead of dangerous roads or busy streets.

Riptide GP: Renegade is a racing game but your racing terrain will be rivers, flooded roads instead of dangerous roads or busy streets.

1. Please download Celeste and Inside, two great adventure, puzzle games are free

With Riptide GP, players will control specialized motorbikes to perform speedy, full of dangerous and illegal water motor racing to win. Players will experience the feeling of breaking the toughest challenges by performing stunning moves, hitting crabs or launching themselves in the air.

In each race, players can choose many different terrain types including streets, monuments, factories, even the future scenery only appears in science fiction movies.

Complete challenges after each race, players will receive more valuable rewards, items to upgrade motorcycles, unlock new cars and many other customizable features.

The most interesting feature on Riptide GP is the split screen feature, allowing 4 players to play on the same device via wireless gamepads.

The Multiplayer Online feature in the game allows players to play against multiple players around the world.

Currently, Riptide GP: Renegade game is being free on both Android and iOS platforms for a short time. If you like this game genre, please quickly download Riptide GP: Renegade and experience it before the promotion period ends.

Download Riptide GP: Renegade
