

Please download VnDoc's Exercises app to make learning easier

Solving exercises with VnDoc is an application that helps students learn good subjects. Download this application to your phone, parents and students from grade 1 - 12 will have more instructions to solve the textbook exercises, homework exercises in Mathematics, Vietnamese, Language Arts, English .

Studying with children or letting them learn by themselves is quite a problem, especially when there is a cognitive gap between parents and children. We do not always know how to solve a child's problem according to what the child is learning, then an exercise guide will be helpful and save a lot of time. Children can also consult themselves instead of disturbing their parents.

1. The way to teach children fast mental arithmetic of Japanese people
2. Quick and accurate mental math tips that surprise you
